

FDR Gives No Hint Of War Plans In His Ottawa Talk

Ottawa, Aug. 25 (AP)—President Roosevelt told the people of Canada today that if Hitler and his generals had attended the Quebec war conference they would have realized that "surrender would pay them better now than later."

The American Chief Executive came here directly from the war council meetings at Quebec, which ended yesterday, to extend a virtual invitation to the enemy in Europe to lay down its arms now, in an address from the archedway of the peace tower in the main Parliamentary building of the Dominion.

The United States Chief Executive talked of Canadian-American friendship and extolled the part the dominion is playing in the war. Not a hint did he drop as to the specific matters of war strategy on which he and Prime Minister Churchill of Britain had agreed upon in Quebec.

"Twisted Minds" "But, in due time," he asserted, "we shall communicate the secret information of the Quebec conference to Germany, Italy and Japan. We shall communicate this information to our enemies in the only language their twisted minds seem capable of understanding."

"Sometimes I wish that that great master of intuition, the Nazi leader, could have been present in spirit at the Quebec conference—I am thoroughly glad he was not there in person. If he and his generals had known our plans they would have realized that discretion is still the better part of valor and that surrender would pay them better now than later."

The talks in Quebec, the President said, deal constructively with a determination to "achieve history in the shortest possible time" and with "our essential cooperation with our great and brave fighting allies."

Triplicate Confab Some of his listeners thought they detected there a veiled reference to Russia, since the President and Churchill had spoken at Quebec of a possible triplicate conference in which the Soviet government would be represented.

It is no secret, Mr. Roosevelt said, that there was much talk of the post-war world at Quebec, but he failed to go into any details. Dramatically, for the hundreds of thousands of Canadians of French descent, the Chief Executive had a closing paragraph in their own language.

"My visit to the old city of Quebec," he said, "has recalled vividly to my mind that Canada is a nation founded on the union of two great races. The harmony of their equal partnership is an example to all mankind—an example everywhere in the world."

Thousands Cheer From a platform carpeted with red plush, Mr. Roosevelt surveyed an audience assembled on the green lawns in a square enclosed on three sides by majestic parliamentary buildings. He was introduced by Prime Minister Mackenzie King of Canada.

Thousands of cheering persons, from the humble folk of Ottawa to the highest dignitaries of state, church and local government, heard his words. So did other millions around the world to whom the address was broadcast.

Canadians and Americans have fought side by side, Mr. Roosevelt said, in a war violently forced upon them "by criminal aggressors who measure their standards of morality by the extent of the death and the destruction that they can inflict upon their neighbors."

Today, in devout gratitude, he added, the two peoples celebrate a brilliant victory won in Sicily and rejoice in the heading retreat of the Japanese from Kiska island, their last foothold in the new world.

Absolute Victory Absolute victory in the war, the President predicted, will give great— (Please Turn to Page 7)

Graduates From Mechanics School

Charles W. Hoopert, 28, son of Mr. and Mrs. Charles W. Hoopert, York Springs, graduated this week from the airplane mechanics school operated by the Army Air Forces Training Command at Roosevelt Field, New York.

Private First Class Hoopert, like other members of his class, has completed the third stage of training in the New York area of the training command. Earlier he attended the Academy of Aeronautics at La Guardia Field, New York, and the Casey Jones School of Aeronautics at Newark, New Jersey.

PASTOR RETURNS

The Rev. Howard Schley Fox, pastor of Trinity Evangelical Reformed church returned Monday from his annual vacation. He will be in charge of the regular service at the Reformed church Sunday at 9 a. m.

Weather Forecast

Slightly cooler.

ASSISTANCE BD. DROPS POSITION OF SUPERVISOR

The position of county supervisor of the Adams county Assistance board, a post held since January 1, 1938, by Mrs. Rosalie Raffensperger, Arendtsville, has been discontinued, the board announced today.

Decision to abandon the position was made at a special meeting of the board Monday evening. Mrs. Raffensperger will conclude her duties October 1, after which "since she is a permanent civil service employee, she will remain on furlough for a period of one year," a prepared statement by the board said.

It was explained by the board office today that "furlough for one year" means that Mrs. Raffensperger will retain her civil service status as a county supervisor for that period and if the position is re-opened within that time she will be recalled to the post.

The Board's statement said further, "The Board considered the present staff positions and felt that in order to be in line with the state program (to cut personnel) the position of County Supervisor could be eliminated. The Board was of the opinion that the Executive Director can assume both positions while the case load remains at its present low level. For these reasons the Board voted to eliminate the position of county supervisor."

Staff of Nine Mrs. Raffensperger was dismissed from her position last February but was reinstated the following month. This action followed a long seige in the Warner hospital after Mrs. Raffensperger had been severely burned in a gasoline explosion at her home, May 19, 1942, and had been granted a leave of absence for six months. She was then given an extension of her leave.

Mrs. Raffensperger was notified that her position was being abandoned by letter dated August 24 and presented to her late Tuesday afternoon.

The present staff at the assistance board includes the executive director, county supervisor, four clerks, three visitors with two vacancies in that category and a part-time janitor.

Typist Resigns Mrs. Raffensperger became a visitor for the Emergency Relief board in 1933. She transferred to the Mothers' Assistance Board in 1936 and became executive secretary of that board in 1937. When the Emergency relief board and Mothers' Assistance Board merged in 1938 she became county supervisor.

The county board also accepted the resignation of Miss Irene Gladfelter, senior typist. Miss Gladfelter has been employed since April, 1941. The Board stated that at the present time her position will not be filled, "because it is deemed that the present clerical staff is adequate due to a decrease in the volume of work."

"At this time throughout the State Relief staffs are cutting personnel," the Board said. "Since January 1, personnel in the state has been cut by 15 per cent. Comparisons were made of neighboring counties and it was observed that they have reduced personnel."

Salary Saving "A letter sent to all counties on the subject of administrative costs was read in which it was urged that county boards do the best possible job with the utmost efficiency and economy."

"This action (the elimination of the post of county supervisor), together with the reduction in clerical staff will effect a considerable saving in salary cost," the statement concluded.

Attending the meeting were Mrs. William Arch McClean, vice chairman; Mrs. Maude S. Saby, secretary; Harold H. Reuning, J. H. Weaver, B. E. Benner and H. S. Stuchell.

BIRTH ANNOUNCEMENTS

Mr. and Mrs. Charles Rupp, Sachs apartments, York street, announce the birth of a daughter, Bettie Suzanne, at the Warner hospital Tuesday afternoon.

A daughter was born at the hospital this morning to Mr. and Mrs. Glenn Knaub, Biglerville.

GRASS FIRE

Local firemen were called shortly after 4 o'clock Tuesday afternoon to extinguish a grass fire on the property of John H. Knox, Gettysburg R. 3.

Mrs. W. E. Wolt, Chambersburg street, is in Hershey visiting her son and daughter-in-law, Mr. and Mrs. Burton Wolff.

Cadet Contingent Joins Detachment

Another contingent of aviation students arrived in Gettysburg this morning to join the 55th College Training Detachment, (aircrew) Army Air Corps at Gettysburg college.

The contingent arrived by special train from a southern training camp. They were met at the Reading station by Captain John R. Coshey, commanding officer of the detachment, and then taken to the Eddie Plank gymnasium where they were addressed briefly by the captain. Later they were assigned to quarters. In a few days they will start the prescribed course for aviation students.

NAB DESERTER FOR ROBBERIES IN 5 COUNTIES

State police attached to the Chambersburg substation Tuesday night arrested a man who, they said, has admitted burglaries netting more than \$1,000 in Adams, York, Dauphin, Franklin and Cumberland counties and several communities in Maryland.

Terming their prisoner the "ghost of Franklin county," an alleged Army deserter from a North Carolina post, the officers said their prisoner has admitted to some 25 thefts in south central Pennsylvania in recent weeks.

The confessed burglar has been identified as Glenn Beckwith, Greencastle, by Corporal Joseph P. Salzinger, formerly stationed here, one of the arresting officers.

Six Cottage Thefts

No Adams county robberies other than at six cottages in or near Caledonia have been admitted so far by Beckwith, Corporal Salzinger said at noon today.

The thefts believed to be in Adams county, occurred at cottages of a Mr. Gliback, Gertrude Diller, Harry Yingling, Marion Bell and Mrs. Cora Snyder near Caledonia and Samuel Poper, Fayetteville R. D. Clothes, jewelry, watches and cameras and food were among the articles purloined from the cottages over a six-week period.

Six charges of robbery have already been laid by Chambersburg state police against Beckwith before Justice of the Peace Kohler at Fayetteville and other charges will be laid at Chambersburg, Shippensburg, Harrisburg and in Maryland.

Sought by state police in this area since he began his robbing spree more than six weeks ago, Beckwith was finally caught up with when he tried to rob a home he had previously robbed August 13.

Cornered Along Highway

Officers at the Chambersburg station received a phone call that an intruder had robbed the home of Arthur Slieter, near Chambersburg, early Tuesday. While they were searching the neighborhood, Corporal Salzinger, Sergeant L. B. Gibbs and Private P. T. Ruda, discovered Beckwith cornered along the highway by Lester Stetler.

Stetler had been called by a neighbor who said someone was prowling around the Stetler residence. Stetler, whose home had been robbed of money and clothing (Please Turn to Page 2)

Insect Swarms Appear In Town

Gettysburg suffered an infestation of millions of insects, similar to crickets, Tuesday evening between 8:15 o'clock and midnight, with thousands of the grass-hopper like bugs covering windows of stores and street lights.

The insects were described as darker and smaller than grasshoppers and resembling crickets, although the familiar noise made by crickets was not heard. Agricultural officials contacted today said they had never heard of crickets banding together by the thousands.

It was reported almost impossible to see through some store windows from the number of the insects crawling on the glass apparently attracted by the light.

No discernible damage was done by the insects most of which disappeared in a hour or two with only a few remaining by midnight.

NAME NEW TRUSTEE

D. H. Sincell of Oakland, Maryland, was elected as the West Virginia Lutheran Synod trustee of the Gettysburg Lutheran Theological seminary at the Synod meeting, Tuesday, at Buckhannon, West Virginia.

Final Press Conference Of Quebec Meeting

As the Allied war strategy talks drew to a close, President Roosevelt, Prime Minister Mackenzie King of Canada and Prime Minister Winston Churchill of England (seated, left to right) held a joint press conference at the Citadel in Quebec. Seated behind them, at left, are (left to right) Foreign Secretary Anthony Eden, Brendan Bracken and Harry Hopkins.

CARRIERS SELL 3,350,431 WAR STAMPS FOR U.S.

Carrier boys and girls for The Gettysburg Times have sold 3,350,431 war stamps or \$335,043.10 worth of the 10-cent issues during an 86-weeks' campaign.

High man of the current group of carriers is Paul Walters with sales totaling 263,162. In second place is James Bucher with 117,378.

The campaign experienced a summer lull during the last six weeks with most of the boys devoting their spare time to farm and orchard work. However, during those weeks the young men and women sold 58,012 stamps.

Six-Week Sales

Sales during the last six weeks follow:	
Jacob Yingling	22,035
Robert Mattingley	16,413
Paul Walters	6,965
James Bucher	2,830
Jack Cromwell	1,420
Donald Weaver	1,274
Clair Sanders	1,050
C. Arthur Brame	950
Dorothy Howe	940
Richard Hess	914
William Coleman	880
James Slaybaugh	862
Mark Steiner	789
Frances Southerly	420
Charles Lawver	270

Grand total 3,350,431

HICKORY HORN DEVIL

Howard Flickinger, 344 West Middle street, caught a worm on a walnut tree in his yard this morning that not only aroused his curiosity but frightened him. After he displayed his "catch" to County Agent M. T. Hartman the latter recognized it as a "Hickory Horn Devil," a worm that thrives on leaves and bark. He said it was harmless. It is about six inches long, light green in color with a number of hard horns, red with black tips, protruding from the head and body.

Gets Scholarship From State Elks

Miss Mary McMillon, York street, Gettysburg high school graduate, was awarded a \$100 state Elks' scholarship and a \$400 prize given by the National Elks' Student Aid association on Tuesday during the closing sessions of the annual convention of the Pennsylvania Association of Elks at Williamsport. She was one of five youthful students to receive scholarship awards.

Prizes of \$200 each were presented to Harold Evans, Milton; Thomas Rowlands, Tamaqua; Richard Huyget, of the southeastern district; and William D. Wert, of the southwestern district.

DRAFT NO DADS IN SEPTEMBER

Adams county's Selective Service Board No. 2, with headquarters in the First National Bank building, will not call fathers to fill the September quota, it was announced today.

It was also stated that fathers may not be called to fill the October quota although that will not be definitely determined until the October call is issued. Then the Board will comb its list of eligibles to ascertain whether it will have sufficient men to fill the call from sources other than the list of fathers.

No fathers have been called by the local Board although some fathers have been inducted. They were those who volunteered or those who were not contributing to the support of their children, or were not living with their family.

The number of eligibles for each month's call varies with the reaching of draft age of the younger men. As soon as a young man reaches the age of 18 he automatically becomes eligible for induction. If there are sufficient eligibles from other sources other than the fathers' list they will not be inducted in October.

HOSPITAL REPORT

Mrs. Glenn Knaub, Biglerville; Mrs. Charles Rupp, York street, and John Barry, Emmitsburg, have been admitted as patients to the Warner hospital. Those discharged were Mrs. Leroy Humerick and infant son, Earl Elmer, Emmitsburg; Franklin Ryman, Aspers; Charles Kreitz, Emmitsburg; Henry Kolda, Greensboro; Rosanne Dayhoff, Gettysburg R. 3; Bonnie Lee Jacoby, Biglerville; Mrs. Helen Bennett, Hanover street; Joyce Fissel, Gettysburg R. 3; William Fissel, Gettysburg; Virginia Jean McLaughlin, Gettysburg; Mrs. Ralph Copenhaver and infant daughter, Nancy Elaine, Littlestown R. D.; and Mrs. Robert McIntire and infant son, Clifford Luke, West Middle street.

Completes Course At Carlisle Post

First Lt. Edgar A. Miller, Jr., Medical corps, son of Major and Mrs. Edgar A. Miller, Sr., Baltimore street, will graduate from the Medical Field Service school, Carlisle Barracks, Thursday.

He was among a class of 450 physicians, and sanitary engineers who prepared themselves at the Carlisle school to convert their professional skills from peace-time to war conditions. Lieutenant Miller, 26, attended the University of Maryland where he received his M.D. He interned at the Mercy hospital in Pittsburgh, Pa.

His father, Major Miller, is in charge of the Army hospital at New Cumberland.

SOVIETS POUND NAZIS FLEEING FROM KHARKOV

London, Aug. 25 (AP)—The Red Army continued today to hammer away at the off-balance Germans retreating from Kharkov, and a Soviet communique announced new successes all along the line as the Russian forces drove toward Poltava, 75 miles to the southwest and little more than halfway to the Nazis' Dnieper river defense line.

The war bulletin—broadcast from Moscow—said the Nazis, exhausted by the battle for Kharkov, were rushing reserves into the line but in spite of this the Red Army advanced both south and west of the city, killing 2,000 Germans and disabling 25 tanks in sharp fighting. Northwest of the city other units of the Russian Army captured several villages.

Retreat Is a Rout

The communique indicated that the German retreat from Kharkov was reaching the proportions of a rout with the Nazi troops abandoning considerable stocks of war material and armored equipment.

(The German high command said the "big battle of defense in the east continues with unabated ferocity," but insisted that Soviet attacks collapsed. The Nazi communique, broadcast from Berlin and recorded by The Associated Press, said 263 Red Army tanks and 95 planes were destroyed yesterday.)

German losses in armored equipment and planes were reported running high as the Nazis recklessly expended their strength in a vain effort to stem the Russian surge. The communique said that on Monday alone the Red Army had destroyed 77 tanks and 106 planes in fighting on all fronts.

Kiev Next Goal

The Kharkov area continued to be the focal point of the Russian advance. The fall of the city gave the Soviets several objectives to aim at, but the most likely choice was Poltava with Kiev, Ukrainian capital 250 miles to the west on the Dnieper, as the big goal of the summer offensive.

In the Donets basin, southwest of Voroshilovgrad, where the Russians previously reported they had breached the Nazi lines, the Red Army broke up German counter attacks, inflicted heavy losses and captured several towns, the Soviet communique declared.

Heavy fighting was reported south of Izyum, where 1,000 Germans were said to have been killed when Russians stormed a Nazi strong point. On the Leningrad front Russian troops were said to have killed about 400 Germans in local actions while heavy artillery pounded Nazi positions. Soviet naval units and the fleet arm were active in the Gulf of Finland, where two German transports totalling 8,000 tons were sunk, the bulletin said.

Rites Today For Mrs. Calvin Moritz

Funeral services were held from the Bender funeral home this afternoon at 2 o'clock with further services at 2:45 o'clock at the Mt. Carmel United Brethren church for Mrs. Calvin L. Moritz, 68, Highland township, who died Monday. The Rev. H. O. Sipe officiated. Interment in the Mt. Carmel cemetery. The pallbearers were Fred, Arthur, Ira, George, Clifford and the Rev. Ivan Naugle, all nephews.

WAC TRAINING

Miss Elizabeth L. Scott, daughter of Mr. and Mrs. William Scott, Gettysburg R. D., has begun her basic training as a WAC at Fort Oglethorpe, Georgia. Her address is Pvt. Elizabeth L. Scott, A-308871, Co. 14, 21st Regiment, Fort Oglethorpe, Georgia.

FIRE CRUISER IN NEVER-STOP AIR ASSAULTS

By NOLAND NORGAAARD Allied Headquarters in North Africa, Aug. 25 (AP)—Allied air squadrons — significantly meeting no opposition from Axis fighters—hammered communications in southern Italy again yesterday, including a blockbuster assault near Naples last night, and left an Italian cruiser aflame off the south coast, headquarters announced today.

Dive-bombers, fighter-bombers and night bombers swept out to the attacks, and depleted Axis air forces refused battle for the second successive day. The only air opposition Monday was against Liberators from the Middle East which raided Bari, in southeastern Italy.

Deadly U. S. A-36 dive-bombers rammed home two hits with 500-pound bombs on the cruiser, blowing off its stern. Fires leaped from the ship as the attackers winged away.

4 Planes Missing

Four Allied planes were missing from all attacks, headquarters reported.

The only opposition encountered was by a Beaufighter which blew up and sank a schooner off the Italian coast off Rome. It was jumped by two Focke-Wulf-190s which opened fire and then broke off the attacks without causing damage.

The Beaufighter, which swept in so low it knocked off one of the schooner's masts, also left one of two barges afire. The plane crash-landed at sea on its way home but the crew was rescued. Other Beaufighters left two tugs sinking from cannon-fire attacks off Corsica.

The cruiser attack was the first chance the A-36s had had to employ dive-bombing tactics on a large enemy naval vessel, although the new planes—already proven to be one of the most effective attack units of the Allied air fleets—sank many smaller vessels during the battle for Sicily.

Blast Truck Convoy

South African Kittyhawks strafed 20 to 30 trucks moving eastward from Reggio Calabria, at the tip of Italy southeast of Messina.

The almost complete disappearance of the Germans from Italian skies—except for the attacks in defense of Bari—after days of heavy losses in attempting to turn back U. S. daylight bombers led to the supposition that the Nazis were unwilling to risk further depletion of their forces in defending Italian communications, already battered beyond immediate repair in many places. It appeared instead that they were conserving their dwindling air resources in hopes of employing them more profitably later.

USO CANTEN UNIT NAMED

A general committee in charge of all arrangements and maintenance of the USO canteen to be opened Saturday in Hill's Coffee shop, Chambersburg street, was announced today by Dean W. E. Tilberg, chairman of the county USO.

Mrs. Frederic E. Griest, Flora Dale, is chairman of the committee assisted by Prof. Donald R. Helges, Mrs. R. D. Wickerham, Mrs. C. H. Smith, Mrs. I. C. Bucher, Mrs. Radford Lippy and Mrs. M. J. Flynn of Gettysburg; Mrs. Grover Myers, Gardner, and Mrs. Florence Basehoar, Littlestown.

The committee will meet either this evening or Thursday to complete plans for the canteen which is expected to open Saturday at 2 p. m. The committee will secure furniture, games and other equipment and have the room in readiness for the soldiers, sailors and marines who may care to visit it.

Signs similar to the ones that were constructed over a year ago when a USO room was open at the Hotel Eberhart will be placed on center square and other locations pointing the way to the USO, Dean Tilberg said.

HOOKS BIG BASS

"Scotty" Mountain, Jr., 15-year-old son of Dr. and Mrs. Walter S. Mountain on Tuesday caught one of the largest bass hooked this season at Marsh Creek Heights. "Scotty," whose chief hobby is fishing, hooked a bass that measured seventeen and one-half inches and weighed more than two pounds. Last season "Scotty" caught one that measured nineteen and a half inches.

LEADERS SHOW CONFIDENCE IN QUEBEC PLANS

By DEWITT MACKENZIE

This columnist once consulted the Delphic Oracle at the shimmering base of Mount Parnassus in Greece, and came away with more concrete information than was disclosed by Messrs. Roosevelt and Churchill in their full-dress press conference on the promontory of Quebec at the close of their momentous parley.

The Allied pair did a highly polished job of playing their cards awfully close to their chests—each after his own fashion. F.D.R. went through the ordeal quite impassively, so we are told by Associated Press correspondent John M. Hightower, while the prime minister fidgeted.

The puckish-faced John Bull crossed and recrossed his legs, loosened his collar, mopped his forehead, and "once he got a firm hold on a half-smoked cigar and hurled it far out over the bluffs of the St. Lawrence river." Having observed Mr. Churchill at close range in London over many years, I wonder whether he really was fidgety, or whether he was putting on one of his little shows for the boys. I have a suspicious mind.

Both men made speeches, but neither disclosed much. However, joking aside, we didn't want them to do a lot of talking for the benefit of the enemy.

Would Welcome Red Help

What really matters is that the conference radiated supreme confidence, and we know from past experience that another big job has been well done. The two leaders did emphasize that the Allied war machine is grinding ahead and that great events are impending. That's something satisfactory to get ahead with.

One of the most interesting—and likely important—points brought out was that since the Quebec conversations had much to do with planning the offensive against Japan, Russia wasn't invited to participate, because the Soviet Union isn't at war with the Nipponese. The fact that Russia and Japan are not fighting each other may mean much to us when we come to final grips with the Mikado's forces. Our greatest need will be air-bases, and if we aren't able to use Russian soil we shall have to carve bases out of Chinese territory now held by the enemy.

Well, while we should like to hear Moscow say that Siberian air bases would be available for the offensive against Japan, it's likely Marshal Stalin would be equally happy to hear that a "second front" is being opened in western Europe. Maybe he will, but in that matter the sphinx twins held their peace. That did indicate, however, that a conference among the big three—Russia, America and Britain—is projected, and that's of vast importance for complete understanding.

Job of Crushing Hitler

Speaking of the second front, F.D.R. introduced a line of thought which interested the press greatly. He pointed out that offensives can't be put into effect over night, and cited that what was planned in June of 1942 wasn't effective until November. That was the invasion of North Africa. The plans made at Casablanca in January of 1943 didn't materialize until Tunisia and Sicily.

With that the president paused. He didn't mention that he and Churchill met in Washington in May and planned fresh adventures, which haven't yet developed. However, we undoubtedly are on the verge of something big in Europe—something devised in the May conference, and, of course, the Quebec meeting has laid a course to knock out the Japs—a project which it may take considerable time to develop.

Meantime we are to get ahead with the job of crushing Hitler. The signs point to the imminence of a continental invasion, but speculation as to where it may come is fruitless. We are glad of that, for the enemy also is guessing. We won't have to guess long, though, for the blow is near.

Mercury At 94 This Afternoon

The weather man forecasts some relief from the heat this evening but the thermometer by 1:30 o'clock this afternoon already had topped Tuesday's high at the Arendtsville weather station.

Tuesday's maximum reading was 93 degrees at Arendtsville. At 1:30 p. m. today, the mercury stood at 94 degrees there.

Today's weather forecast gives no promise of showers overnight.

SPECIAL STAMPS SOLD

One thousand stamps bearing the flag of the Netherlands, the fifth in a series of U. S. stamps commemorating countries overrun by the Fascist powers, were placed on sale at the local post office this morning. Acting Postmaster Lawrence Oyer said that the sixth in the series of commemorative stamps, honoring Belgium, will be placed on sale September 15.

Social Happenings

Phone Gettysburg 640 or Biglerville 8

Miss Mary Catherine Frazer has returned to her home here after spending a few days at Atlantic City.

Miss Ida Hartenstein, Wilmington, Delaware, has returned to her home after visiting for the last week with Mr. and Mrs. Lester Frazer, Hanover street.

Miss Helen Chapman, West Middle street, returned Monday after spending some time in Baltimore with Miss Mary Jane Rosensteel. While in Baltimore, Miss Chapman attended the wedding of Sgt. and Mrs. George Grazer. Mrs. Grazer is the former Hilda Rosensteel, who formerly resided here.

Miss Annabelle Stewart, Cumberland, Maryland, has concluded a week-end visit spent with Miss Betty Coleman, Gettysburg R. D.

Mrs. Fred K. Schwartz, Water street, has returned after a visit with her father, J. H. Alexander, of Worthington.

Mr. and Mrs. John Rosenstengel and son, John, of Parkersburg, have returned home after a visit with Mr. Rosenstengel's mother, Mrs. Rudolph Rosenstengel, Barlow street.

Mr. and Mrs. Herbert Oyer, York street, spent Sunday and Monday in Williamsport where they attended the state Elks convention.

Miss Bonnie Schwartz and Miss Phyllis Schwartz have returned to Baltimore after a visit at their home on East Water street.

Prof. and Mrs. W. D. Harshorne, Harrisburg road, are vacationing at their summer home at Sandy Point, Virginia.

Mrs. Charles B. Dougherty, who entertained the members of the Monday Night Bridge club this week, had as additional guests Mrs. Roy Zinn and Mrs. Minnie Bream.

Sgt. Ralph Johnson, Fort Ord, California, is spending a furlough with friends here.

Mrs. Harold Trout, East Broadway, visited relatives in Philadelphia over the week-end.

Miss Nancy Amick will return Thursday after a visit with Mr. and Mrs. Harvey N. Kuttner, New York City, and with her uncle and aunt, Mr. and Mrs. James A. Milligan, Stamford, Connecticut.

Mrs. Howard Mackelduff, West Chester, is the guest of her brother-in-law and sister, Dr. and Mrs. H. M. Hartman, Springs avenue.

Mrs. August Borleis and daughter, Lillian, Hanover street, are visiting Mrs. Borleis' brother-in-law and sister, Mr. and Mrs. Charles R. Keller, Sellingsrove.

Miss Ruth H. Bigham, East High street, has returned after a visit with her brother and sister-in-law, Mr. and Mrs. C. A. Bigham, Catonsville, Maryland.

Mrs. L. I. Fisher and son, Robert, Baltimore street, are visiting friends in Bethlehem.

Prof. Donald R. Heiges, East Lincoln avenue, returned today from a short business trip to Washington, D. C.

Staff Sgt. Russell Kane, Fort Monmouth, New Jersey, spent the week-end with his parents, Mr. and Mrs. Carl Kane, Biglerville R. D.

Mr. and Mrs. William H. Thomas and children, Billy, Jr., Noel Joseph and Helen Theresa, have returned to Wellsville, New York, after spending several days recently at the home of Mr. Thomas' mother, Mrs. Catherine Thomas, Gettysburg R. D.

Lt. John Stahle, who is stationed at West Point, is spending several days with his parents, Mr. and Mrs. John Stahle, York street.

Sunday visitors of Mrs. Catherine Thomas and son, David, Gettysburg R. D., included Mrs. Joseph P. Cox, Washington, D. C.; Mrs. Donald Willet and daughter, Sophia, Hanover, and Seaman Joseph Marsden, of the Navy.

William Chritzman, Chambersburg street, has gone to New York City to attend the American National Jewelers' association convention being held at the Waldorf-Astoria Hotel. The convention will be in session four days.

Leist Chases Stolen Truck

Allen Leist, South Washington street meat dealer, told state police late Tuesday evening that a red truck used by him to deliver meats was stolen sometime after 10:20 o'clock from in front of the Leist store on South Washington street.

Mr. Leist said after he had gone to bed his wife awakened him, saying she heard the truck start. Looking out a window Mr. Leist saw the truck pulling away but could not recognize the driver.

Mr. Leist gave chase but lost the truck as it headed towards Maryland.

DEATH

C. Melvin Stambaugh

C. Melvin Stambaugh, 44, West Manchester township, near the Five Mile house, died at his home Monday at 9:15 a. m. Death followed an illness of three years. The deceased was a son of the late Henry and Elizabeth (Longnecker) Stambaugh and was a lifelong resident of the Thomasville area. He was a member of the Lincoln fire company, Thomasville.

Surviving are his widow, the former Carrie Beck, and a sister, Mrs. Casper Gladfelter, East Berlin.

Funeral services Thursday at 9:30 a. m. at his home with concluding services at Salem Lutheran church, the Rev. Samuel Stauffer, pastor of the Wolf's Lutheran church, assisted by the Rev. J. H. Hege, pastor of Salem Union Lutheran church, Dover, officiating. Interment in Salem Union Lutheran church cemetery, near Dover. Friends may call at the home this evening between 7 and 9 o'clock.

GIVE RED CROSS NEW SUPPLIES

Afghans, hot water bottle covers and curtains made by Adams county women volunteers were turned over Tuesday by Dr. J. Walter Coleman, chairman of the county Red Cross Hospital and Camp committee, to L. D. Strader, Red Cross field director to be distributed to camps and service hospitals in this area.

Eight knitted afghans, 200 hot water bottle covers, 11 pairs of curtains and a desk lamp were among the products turned over. The curtains and desk lamp were for a day room in a nearby army camp while the other articles are scheduled to be given to service hospitals.

The hot water bottle covers are part of a quota of 500 covers asked from the local production group. The remaining 300 covers and a quota of 125 ice cap covers will be completed in the near future, it was stated.

Military Rites For Lt. Walter

Military funeral services will be held Thursday afternoon at 2 o'clock from the W. Orville Kimmel funeral home, 1842 State street, Harrisburg, for Lieutenant George D. Walter, Harrisburg, who was found dead Monday at the home of his brother, Blaine G. Walter, Biglerville, from a self-inflicted bullet wound in the head.

The Rev. George F. Harkins, pastor of the Penbrook Zion Lutheran church will officiate. Interment in East Harrisburg cemetery. Friends may call at the funeral home this evening after 7 o'clock.

Palbearers from the American Legion post of Harrisburg will serve as a military escort and a firing squad from the New Cumberland Reception center will fire the salute.

Banker, Father Chooses Army To War Plant Jobs

Kansas City, Aug. 25 (AP)—Peter Werp, 36-year-old bank accountant and father of seven young children, is walking straight past the beckoning doors of countless war plants—to take his preliminary draft examination Sunday.

And if the War Manpower Commission wonders why, here's his reply:

"Shall I leave the bank and run for a defense job, something that I don't want but that the War Manpower Commission wants to fill? Do I give up my bank training and experience, feeling maybe like a coward as I hunt for a place in a war plant just to escape fighting for Uncle Sam?"

"No, I think I would rather take my chances with the draft. This is going to be a serviceman's country after the way anyway. If I go to the armed forces I get a leave of absence from my company—the promise of a post-war position.

"On a war job I get nothing much but salary."

Hope To Change School Pay Rule

Harrisburg, Aug. 25 (AP)—The Justice department, a high administration source said Tuesday, hopes to reverse its decision barring wartime substitute school teachers from salary bonuses provided by the 1943 legislature for regular faculty members.

"A literal interpretation of the salary act prevents any increase for substitutes but this conclusion might be changed by determining the intent of the legislature in the matter," said the official who declined to be identified.

Attorney General James H. Duff last week recalled "for clarification" a Justice department opinion prohibiting substitute teachers from participating in the cost-of-living bonus ranging from \$200 to \$600 each for the next two school years.

ALLIED GUNS HAMMER JAPS ON TWO FRONTS

Allied Headquarters in the Southwest Pacific, Aug. 25 (AP)—The thunder of artillery, firing from the New Georgia jungle on Japanese making a last stand at Bairoko and from New Guinea mountain ridges on other Japanese in a last stand at Salamaua, accented the fact today that the offensive remains firmly in Allied hands.

As the current drive which opened June 30 neared the end of the second month, a spokesman for Gen. Douglas MacArthur reported progress today on both flanks of the 750-mile-long battle arc.

On New Guinea, American jungle troops, who captured the Munda airfield August 5, have succeeded in pushing through harassing enemy patrols barring the way to Bairoko, 12 miles north, and have brought up artillery to blast away at the Japanese garrison holding that Kula gulf harbor.

Substantial Gain

On New Guinea, where Allied troops have the Salamaua airdrome almost within their grasp, Australian troops advanced north of the Francisco river, while mountain artillery behind them shelled the defenders.

These troops crossed the river Monday at a point only two miles west of the air strip. Just how much of an advance they made yesterday as they moved on prepared Japanese defenses was not stated but the spokesman said considering the type of jungle warfare, it was "substantial."

The latest successes on New Guinea, while a necessary part of a cleanup campaign, do not represent, however, the point of deepest penetration in the Solomons. Above there, on past Japanese-held Kolombangara island, American forces are consolidating positions occupied August 15 on Vella Lavella in the face of enemy opposition.

Today's communique reported an attempt by two formations of Japanese fighter planes to raid the American positions. United States fighters broke up the attempt, shooting down nine of the raiders and damaging two others.

PREDICTS BIG DRIVE AGAINST JAP BASTIONS

By WILLIAM F. BONI

Allied Headquarters in the Southwest Pacific, Aug. 25 (AP)—Under-Secretary of War Robert P. Patterson arrived at General Douglas MacArthur's headquarters today and shortly thereafter predicted that "blows of increasing strength" will not be long delayed in the war against Japan.

He said the twin Allied offensives in the Solomons and on New Guinea were playing a vital part in bringing the Japanese nearer surrender.

In a statement Patterson noted that the United States was producing more than 7,000 planes a month. And he pointed out that "growing striking power" was being sent to the southwest Pacific war zone.

Patterson's statement, released at a press conference today, said:

"Not Two Wars"

"I have not been here long enough to learn what the Australians think of how Americans back in the United States consider this phase of the war. I sometimes get the impression that there is the feeling that we think this is a side show and that the main show is Europe.

"I should like to correct that impression—if it exists. There are not two wars going on.

The undersecretary of war was accompanied by Lt. Gen. William S. Knudsen, Army War Production advisor, and high ranking general staff and service of supply officers of the Army. They were to inspect Allied bases in the southwest Pacific.

S.S. Convention At Huntingdon

Huntingdon will entertain pastors, superintendents, officers and leaders of the Sunday schools of Pennsylvania, October 12-13-14, for the 31st annual State Convention.

Oiler Hall, chapel at Juniata college, will be used for the evening sessions. The Methodist church will be convention headquarters and will be used for the forenoon general sessions. Afternoon sessions will be held in the Presbyterian, Lutheran, Evangelical and Reformed, and Baptist churches.

Delegates will be entertained in the homes of the Sunday school people of Huntingdon.

Quotas have been issued to each county and delegates may register through their county secretary or on application to the State Headquarters, 1505 Race street, Philadelphia.

Besides being the annual convention meeting, instructors and speakers from many parts of America will participate in a two-day program of business and instruction.

Adams county is expected to be well represented at the sessions.

Upper Communities

Mr. and Mrs. Charles Topper have returned to their home in Philadelphia after spending a week's vacation with the former's mother, Mrs. S. L. Topper, and with Mr. and Mrs. William Starnier and family, Aspers R. D. They were accompanied home by Jesse Topper who spent the week-end at the same place.

Peter Shetter, of Biglerville, has bought the 305-acre peach orchard farm of Mrs. R. D. Lillie, of Washington, D. C., and Ernest C. Berger, of Silver Springs, Maryland.

Wilmer Bream, Carlisle road, and Cameron Thomas, of Arendtsville, have been attending the state Elks convention in Williamsport.

Miss June Bigham, of Biglerville, has returned after a visit of several weeks with her brother-in-law and sister, Lieut. Commander and Mrs. Urwin Rowntree, of Washington, D. C.

Miss Thelma Slaybaugh has returned to Harrisburg after a visit with her parents, Mr. and Mrs. William P. Slaybaugh, of Biglerville.

Miss Nancy Dill returned to Kyrle town today to resume her teaching in the Coopers township high school after spending the summer vacation with her parents, Dr. and Mrs. M. T. Dill, of Biglerville. She was accompanied on the trip by her mother and by Mrs. John S. Borland, Mrs. Charles H. Smith and Mrs. Edmund W. Thomas, of Gettysburg.

Mr. and Mrs. James C. Corbett Martin, of Cumberland, Maryland, will arrive this evening for a visit with Mrs. Martin's mother, Mrs. Richard C. Walton, of Biglerville.

Mrs. S. E. Kapp, of Biglerville, spent Tuesday in Harrisburg.

Mr. and Mrs. F. Lee Shields and son, Lee, Jr., have returned to their home at Mt. Airy after spending part of their vacation with Mrs. Shields' parents, Mr. and Mrs. George M. Peters, of Flora Dale.

Mr. and Mrs. Monroe Auran, of Harrisburg, were recent guests of Mrs. Auran's brother-in-law and sister, Mr. and Mrs. John G. Wilson, of Quaker Valley.

Mrs. Amos Mowery, Lancaster, has concluded a visit with her cousin, Miss Blanche M. Stauffer, Aspers R. D.

Miss Marian Fuller, of Biglerville, has returned after a vacation spent at Atlantic City.

Mrs. Richard Simmons and son, Billy, of Frederick, are guests of Mr. and Mrs. Wilmer Bream, of Biglerville.

Miss Renee Shetter, who is a member of the nurse staff of the Reading hospital, is spending her vacation with her parents, Mr. and Mrs. Ralph Shetter, of Biglerville.

Mr. and Mrs. Earl Pitzer, Aspers R. D., have been in Williamsport for several days attending the State Elks convention.

Miss Jean Thomas, of Biglerville, spent Tuesday in Harrisburg.

Miss Gladys Eckert, of Heidlersburg, is visiting her cousin, Miss Blanche Brenizer, of Wormleysburg.

The Rev. and Mrs. Ernest W. Brindle are on a three weeks' vacation.

ONLY LEADERS IN AXIS LANDS TO BE PUNISHED

Washington, Aug. 25 (AP)—President Roosevelt asserted today that except for the responsible Fascist leaders "the people of the Axis need not fear unconditional surrender to the United Nations."

In a report placing total Lend-Lease aid at nearly \$14,000,000,000 the President again promised the feeding of the people of liberated areas and declared the Allies "are striking hard and ready to strike harder" to attain complete victory.

"The people of Axis controlled areas may be assured," he said, "that when they agree to unconditional surrender they will not be trading Axis despotism for ruin under the United Nations."

"The goal of the United Nations," he said, "is to permit liberated peoples to create a free political life of their own choosing and to attain economic security. These are two of the great objectives of the Atlantic Charter."

Most Aid to Russia

The Lend-Lease report, for the quarter ending July 31, showed that Lend-Lease aid to Russia through June 30 totaled \$2,444,000,000 and July shipments to that country were at a "high level." The August volume "is expected to be the highest for any month since the program began" as far as Russia is concerned, the report added.

It said that the United States has sent more Lend-Lease planes to Russia than to any other country and that 57 per cent of all goods sent there have been munitions such as airplanes, tanks, and guns.

The report also disclosed that the size of the American merchant fleet has increased 250 per cent since Pearl Harbor and is growing at the rate of five new ships every 24 hours.

RESCUE GIRLS FROM TAR PIT

Kane, Pa., Aug. 25 (AP)—The story of the rescue of two children found waist deep in a bog-like tar pit and the escape of a third was told today as three young sisters recovered in a hospital.

The three, Violet Pontius, 6, Dorothy, 8, and Shirley, 9, broke through the hardened surface of the pit near an abandoned chemical plant last night as they started to walk across it.

Dorothy, walking behind the other two, managed to free herself and ran for help. Meanwhile, trainmen on a passing freight saw Violet and Shirley struggling as they sank deeper in the tar. By the time the men reached the children and tossed branches to them, the girls were up to their chins.

Pulled from the morass, the youngsters were rushed to Community hospital. All three were reported in good condition today, although suffering from the effects of inhaling tar fumes.

To Bolster Local Control Of Schools

Harrisburg, Aug. 25 (AP)—Governor Martin said today the Department of Public Instruction is being reorganized with emphasis on local administration and the objective "that every boy and girl in Pennsylvania will have equal opportunities for a basic education."

"We must have everybody in accord with that objective," the Governor told his press conference in discussing personnel changes in the department.

Dr. Francis B. Haas this week started a new term as head of the department under re-appointment by Governor Martin. At the same time Dr. Clarence E. Ackley left the department as deputy superintendent.

Governor Martin said he had yet to decide on a successor for Dr. Ackley.

MINER CRUSHED

Homer City, Pa., Aug. 25 (AP)—Steve Chismadia, 55, was crushed to death under a fall of rock in the Gracetown Coal company mine, Indiana County, when E. L. Fleming reported today.

PROPERTIES SOLD

Ernest C. and Annie R. Berger, Silver Springs, Maryland, and others sold to Peter M. and Lydia J. Shetter, Biglerville, four properties in Cumberland and Franklin townships.

NAB DESERTER

(Please Turn to Page 2)

during the night of August 13, gave chase and caught Beckwith.

The 27-year-old Greencastle man was still being questioned today in connection with burglaries committed in this region in recent weeks.

Left in Pawn Shop

Corporal Salinger said Beckwith admitted to stealing radios, jewelry, money, clothing and other articles which he later left in pawn shops in Harrisburg and York.

State police have been searching for the "ghost" by night and day, they said. Bloodhounds were used in burglaries in the vicinity of cottages at Caledonia park. The thief always managed to escape by a few minutes or an hour, they said.

He barely escaped a police trap

Bad Sales Talk For This Customer

Harrisburg, Aug. 25 (AP)—A \$65 raincoat imported from London caught the eye of a soldier in a local haberdashery but when the clerk said the same garment cost only \$25 in England, the soldier replied:

"Well, the sale's off. I'm scheduled to fly to England very soon and I'll pick up a coat in London."

last Saturday night when he robbed two places in Carlisle and stole a truck which he drove to Martinsburg, West Virginia, where he abandoned it.

Beckwith is believed to have lived in shanties and caves since he started his robbing campaign.

Yankees Seek 12th Series In Row Today; A's Finally Win; Cooper Wins Shutout

By JUDSON BAILEY
AP Sports Writer

The heat is on the New York Yankees today.

Before you take another look at the baseball standings, or perhaps the weather report, give us time to explain it isn't pennant pressure but the pressure of pride which is bearing heavily on the American league champions.

They need to win both ends of a doubleheader at Detroit today to win the seven-game series and extend their record performance to victory in 12 consecutive series.

This is a feat that, so far as historians know, never was accomplished even by the famous Yankees of other years.

The Yankees got themselves into a hole by losing a doubleheader to the Tigers Sunday and until now they never have been able to work themselves out of it. They won a single game Monday and yesterday they took the first half of a double 2-1 with Spurgeon (Spud) Chandler pitching four-hit ball for his 16th triumph against three defeats.

Tigers Tough
But the Tigers, who year in and year out are the toughest foes in the league for the Yanks, came back magnificently to win the second game 3-1 as Virgil (Fire) Trucks pitched a three-hitter. He would have had a shutout except for Nick Etten's 13th homer in the fifth inning.

The Yankees have the only record-breaking streak now in existence in the American league. The Philadelphia Athletics had one of a different kind going strong until last night, but, after losing the first part of a doubleheader to the Chicago White Sox 6-5 for their 20th straight setback, the A's finally submitted to the law of averages and won the second game 8-1.

Washington strengthened its grasp on second place by beating the St. Louis Browns 10-4 as Clayton Headner pitched four-hit ball and Stan Spence and Bob Johnson led a 14-hit attack with homers. Spence also hit two doubles and a single.

Split Twin Bill
The Boston Red Sox and Cleveland Indians divided, with Cleveland capturing the first game 5-2 on Allie Reynolds' five-hit hurling and the Red Sox surging back to a 7-0 shutout with Heber (Dick) Newsome producing a two-hit masterpiece.

In the National league the St. Louis Cardinals edged out the Boston Braves 1-0 when Stan Musial tripled a run home in the tenth inning to decide what had been a spectacular, scoreless pitching duel between Mort Cooper and Al Javery. It was the 18th victory against seven defeats for Cooper and tough luck

for Javery, who has officiated at the only two triumphs the Braves have scored over St. Louis all season.

Sewell Gets 19th
Truett (Rip) Sewell was given his 19th success against five defeats as the Pittsburgh Pirates took a slugging session from the Brooklyn Dodgers 9-6 in a twilight game abbreviated to six innings by darkness. The Dodgers outthrew the Bucs 16-13 and Sewell failed to finish.

A two-run ninth-inning homer by Buster Maynard gave the New York Giants an 8-7 decision over the Chicago Cubs in the first game of a doubleheader, but Ed Hanyzewski pitched a four-hitter to win the nightcap 6-1 for the Bruins and Cincinnati completed a sweep of its series at Philadelphia with a 4-2 triumph in a night game.

ROCKS BID FOR LOOP PENNANT

(By the Associated Press)

Resurgent Wilmington served notice today that the Interstate league pennant would look mighty nice in the Delaware City's park.

The Blue Rocks came from behind in both games of a doubleheader last night to trim Lancaster 4-3 and 6-5 with relief pitcher Joe Kania credited with both victories.

The blitz left Wilmington in a virtual tie for second place with Hagerstown, which was humbled 9-4 by Allentown, and shaved Lancaster's first place margin to a single game.

York and Trenton kept each other from breaking their fourth-place deadlock, the Packers taking the first half of a twin bill 5-1 and the Roses winning the second 6-5.

Tom Astbury's homer, double and single, knocking in four runs and enabling him to score twice for Allentown, was the batting feature of the evening.

Games Tonight
Hagerstown at Allentown.
York at Trenton.
Lancaster at Wilmington.

Major League Leaders

(By The Associated Press)

American League			
Batting—Wakfield, Detroit, .329.	Runs—Vernon, Washington, 79.	Hits—Wakfield, Detroit, 161.	Doubles—Wakfield, Detroit, 30.
Tripled—Lindell, New York, 10.	Home runs—York, Detroit, 26.	Stolen bases—Case, Washington, and Moses, Chicago, 41.	Pitching—Chandler, 16-3.
National League			
Batting—Musial, St. Louis, .352.	Runs—Vaughan, Brooklyn, 93.	Hits—Musial, St. Louis, 168.	Doubles—Musial, St. Louis, 33.
Tripled—Musial, St. Louis, 17.	Home runs—Nicholson, Chicago, 20.	Stolen bases—Vaughan, Brooklyn, 16.	Pitching—Sewell, Pittsburgh, 19-5.

To Explain New Gridiron Rules

Harrisburg, Aug. 25 (AP)—Changes in 1943 Intercollegiate football rules will be explained to gridiron officials at a series of nine meetings planned by the Pennsylvania Interscholastic Athletic Association.

Dr. Frank P. Maguire, PIAA Commissioner on officials, will conduct the sessions. Revision of rules for 1943 involve free kicks, fair catches, kicks from scrimmage which rebound and completed forward passes.

The schedule of meetings includes:
Sept. 7—Upper Darby Senior high.
Sept. 8—Allentown Monsignor Masson building.
Sept. 9—Sunbury Senior high.
Sept. 13—Scranton University.
Sept. 14—Reading Senior high.

Turkish Blend On Western Grid

Chicago, Aug. 25 (AP)—Western conference football is going to have a Turkish blend this fall.

First, the University of Iowa comes up with Ahmet M. Gokbora, son of a captain in the Turkish Navy. Now the University of Illinois presents Mustafa Eris, son of a member of the Turkish assembly.

Both were amateur boxing champions in Turkey (Ahmet a welterweight and Mustafa a heavyweight); both are playing their first football and are candidates for guard positions; both are political science students, and both hail from Istanbul.

Double-Header Spill

Briansan (horse at left) spilled after clearing the final jump of a hurdle race in the Saratoga program at Belmont Park in New York City, throwing Jockey Sid O'Neill (center). A split-second later another entry, Mor-Luc, tripped over the fallen horse to come acropper in this fashion, which dramatic action was recorded by the camera of AP Staff Photographer John Rooney. Jockey Coakley (right), thrown as Mor-Luc tumbled, was able to walk away. O'Neill, removed by ambulance, was reported to have suffered no serious injuries. Nor was either horse reported seriously hurt.

Trapshoot Meet Opens At Vandalia

Vandalia, O., Aug. 25 (AP)—Usually dreary Vandalia stuffed cotton in its ears today as more than 400 marksmen, including about 50 of the armed services, opened fire with 12-gauge shotguns in a three-day game of gold and glory at the 44th Grand American trapshoot.

A dozen national championships were up for decision as the field, slashed somewhat by gasoline rationing and traveling restrictions, blazed away at 200 16-yard clays in the opening event.

GRID PREVUE TONIGHT IN PRO-ALL-STAR TILT

(By DAVE HOFF)

Evanston, Ill., Aug. 25 (AP)—It's kickoff time for the 1943 football season. And the college all-stars and a professional team—this year the Washington Redskins—are providing the usual dramatic and colorful start tonight as they have for the last 10 years.

It's a new setting, Dyche stadium on the Northwestern university campus, and a smaller crowd, although a sellout throng of 50,000, that will herald the opening of the new campaign. The game was moved here from Chicago's Soldier field, site of the previous nine games and where 101,000 saw last year's contest—but it's the same big show.

This is the football season prevue—the first two teams of the year to face each other in formal competition.

One is a member of the National football league, whose doom was considered certain last winter just after these same Redskins had beaten the Chicago Bears for the championship which entitled them to a place in tonight's game.

The other is a great, powerful array of collegians—many of them on leave from the various armed services—an aggregation that the doubting Thomases said last spring could never be assembled.

Proceeds To Servicemen
Between them they represent the curtailed but still highly active groups that intend to entertain the nation's football fans this fall. Thus far 236 colleges have abandoned football, and the professionals will operate this fall with two less teams than last year. But this is football on a major scale, nevertheless.

It could be a great passing show tonight—the vaunted Sammy Baugh of Washington pitching on one side, able Glenn Dobbs of Tulsa and Otto Graham of Northwestern throwing on the other.

Or it may be a fine display of clever halfbacks and pounding fullbacks, or—the offenses failing—a battle between two formidable lines.

Despite the smaller attendance the game is expected to gross approximately \$200,000, a record for the series. Proceeds will go to the Chicago servicemen's centers.

ASSISTANT COACH
Harry M. Miller, of Geneseo, New York, has been elected assistant football coach at Mechanicsburg high school to succeed Carl Hamsher, who was recently inducted into the Army.

Miller, who accepted a position as history teacher on the Mechanicsburg high faculty, has 14 years of teaching and coaching experience, having formerly been at Big Run and Brockway in Pennsylvania, and at York Central, in New York.

Govern, whose customers could keep the gym full of gas.

BELATED CORRECTION.
Checking up on this department's statement a few weeks ago that Rudy Golomb couldn't get cigarettes from his old pro football club because only nearest of kin can send parcels to prisoners of war, Mrs. John B. Glen, of Chipley, Florida, says she knows it ain't so.

There's an organization in New York that will send them for anyone who'll pay a very reasonable charge and she's been sending a carton every two weeks to three O.P.W.'s in Germany.

UNANSWERED QUESTION
Bob (Boston Herald) Dunbar reports that the manager of a Boston semi-pro baseball team that made eight errors last Sunday, gave them this bawling out: "I don't mind your losing, but I do object to your giving the game away. That's something you never see the New York Yankees doing."

Wonder what he had to say next morning after reading about the Yanks' seven misplays in one game?

Pupils May Do Math By Mail

Wilmington, Del., Aug. 24 (AP)—Many Delaware high school pupils may study their mathematics and science through the mails because of a teacher shortage, says Dr. H. V. Holloway, state superintendent of public instruction.

Unless substitutes can be obtained for teachers lost to the armed forces and war plants, the smaller schools will have to resort to correspondence courses in the subjects.

Eastern League

(By The Associated Press)

Albany Senators are at the top of the Eastern League batters and home run leaders today with James "Ripper" Collins, Albany manager, and Bill Nagle, outfielder, heading the two lists.

Collins, with a batting average of .347, heads the big six while Nagle is tops among home-run hitters with nine.

Scranton and Hartford split a double-header last night, the Pennsylvania club taking the first game, 4-1, and the Laurels winning the second, 8-2. The first game was a replay of Monday's 2-2 tie which was called because of the dimout law.

In the only other game last night, the Binghamton Triplets downed the Utica Braves, 5-4. The Wilkes-Barre at Springfield game was postponed and Albany and Elmira were idle.

Migratory Bird Season To Be Good

Harrisburg, Aug. 25 (AP)—Pennsylvania sportsmen who take to the field when the migratory bird season opens September 1 will find good shooting, the Game commission predicted today—if they have a left-over supply of ammunition.

Director Seth Gordon said, "It looks like a dandy season for water fowl since reports from the big breeding grounds in Canada are very encouraging."

"Ammunition will be scarce," Gordon asserted, "although the Federal government has promised to release a limited amount sometime in the future. The only man sure of having shells is the one frugal enough to save out some from past seasons."

The director said he expected a considerable decrease this year from the 640,000 hunters licensed in 1942.

Servicemen Will Play Big Leaguers

New Cumberland, Pa., Aug. 25 (AP)—An Army baseball team built around the State Reception Center's nine will play an exhibition game tomorrow against a combination of the New York Yankees and Giants and the Brooklyn Dodgers to promote war bond sales.

The New Cumberland team, undefeated by other service teams while piling up a record of 34 games won against four lost, was chosen as the nucleus of the service team because of its record, Army officials said.

Baseball players who will bolster the team's line-up from other service units include Capt. Hank Greenberg and Lt. Bernie Tebbetts of the Detroit Tigers, John Beazley and Enos Slaughter of the St. Louis Cardinals and Danny Murtaugh of the Philadelphia Phillies.

Carnegie Star Is New Hazleton Coach

Hazleton, Pa., Aug. 25 (AP)—George Kavel of Irwin, Pa., co-captain of Carnegie Tech's 1932 football team, has been named football coach at Hazleton high school, succeeding Stan Olenn.

The school board also recommended engagement of Mike Vuckasnovich, blocking back on the Mountaineers' undefeated 1938 and 1939 teams, as assistant coach and trainer.

25 CANDIDATES FOR MAROON 11 ANSWER CALL

A squad of 25 candidates for the Gettysburg high school football varsity reported Tuesday afternoon at the high school gymnasium to undergo physical examinations prior to the opening of drills today.

Dr. Raymond F. Sheely, school physician, conducted the examinations.

The squad is expected to grow daily, many of the prospective candidates being employed on farms and in other work at present.

Coach Melvin Dry has announced two drills will be held daily this week with workouts in both morning and afternoon.

The Maroons' opening game will be with Carlisle on the latter's field Friday night, September 24.

Carlisle, Pa., Aug. 25 (AP)—Football Coach Clarence Hendrickson of Carlisle high school summoned his gridiron squad for its first drill today in preparation for the opening 1943 game with Gettysburg, Sept. 24. Lee Raffensperger, former junior varsity coach, has been named Hendrickson's assistant.

Fights Last Night

(By The Associated Press)

Washington—Jimmy Bivins, 177, Cleveland, knocked out Herbert Marshall, 170, New York (6).

Hartford, Conn.—Ike Williams, 131, New York, stopped Tommy Jessup, 138, Springfield, Mass. (5).

Portland, Me.—Coley Welch, 165½, Portland, stopped Lou Jones, 165½, Tarrytown, N. Y. (9).

Union City, N. J.—Mike Bulick, 148, New York, outpointed Leon Anthony, 151, Georgia (8).

New York—Pete De Ruzza, 153½, Mamaroneck, New York, knocked out Ernest (Cat) Robinson, 147, New York (7).

New York—Jackie Cooper, 148½, Chicago, outpointed Charley McPherson, 160, New York (10).

NEW COACH

Harrisburg, Aug. 25 (AP)—Thomas Gauntlett of Pottsville has accepted a position as football and basketball coach at Lower Paxtang high school near here. Principal R. R. Baugher announced today. Gauntlett, assistant coach at Pottsville high school last year, will teach health and physical education in his new post. He succeeds Bernard Loft, now in the Navy.

Flashes of Life

COMPLAINT

Chicago (AP)—A Chicago Navy officer, now on duty at a southern base, sent his small son to Sunday school down here, he related in a letter to friends here. The boy's first assignment was to learn the ten commandments.

His father asked if he intended to complete the homework.

"Gosh no," the boy exclaimed, "why should I? We're only here for the duration, and I won't need them back home in Chicago."

ALTER CEREMONY

Atchinson, Kas. (AP)—Probate Judge Phil Schrack was in the midst of the wedding ceremony.

The girl, instead of the customary "I do," snapped "I don't!"

The judge invited them back in case there was another change of mind, but hadn't heard any further details.

STRIKE!

Columbia, S. C. (AP)—A woman summoned police to a spot on the highway near her home where she said she had seen a "bomb" fall from a passing vehicle. The officers were anything but bowled over when they arrived, however.

They found a large bowling ball, half out of its packing case.

THE EXPERTS

Phoenix, Ariz. (AP)—Walter H. Tuchen, after an argument with a group of men, reported to police the loss of his wallet containing \$47 and valuable papers.

The subject of the argument: How easy it is to pick pockets.

HELD FOR U. S. COURT

Lewisburg, Pa., Aug. 25 (AP)—U. S. Commissioner W. N. C. Marsh held Mrs. Gladys Heiter, chief clerk of the Lewisburg ration board, yesterday for the federal court at Scranton on charges of illegally possessing gasoline ration coupons good for 2,600 gallons and a quantity of shoe and sugar stamps. The commissioner said charges were filed by the Office of Price Administration.

NEW WARSHIP
Wilmington, Del., Aug. 25 (AP)—The Dravo corporation will launch the USS Bostwick, a 300-foot destroyer escort for anti-submarine and convoy protection work, at its yards Monday, the Fourth Naval District announced.

Acid Indigestion

Relieved in 5 minutes or double your money back.
When excess stomach acid causes painful, uncomfortable gas, acid stomach and heartburn, distress usually prompts the fastest-acting medicine known for symptomatic relief—medicated like those in Bellan Tablets. No laxative. Bellan Tablets bring comfort in 5 minutes or return bottle to us for double money back. 25c.

Lt. Col. Hafer To Ride In Cab Again

Harrisburg, Aug. 25 (AP)—War-time travel discomforts don't bother Lt. Col. George H. Hafer, State Selective Service and former acting director.

When he leaves Friday to visit his family in Seattle, Washington, he'll be riding, fireman's cap and all, in a locomotive cab.

"I enjoy it more than riding in one of the cars," explains Hafer, who has made a hobby of riding elbow-to-elbow with engineers for more than six years. "I always ride in the second locomotive if there are two because you don't get dirty enough in the first one."

His uniform? "The rules say appropriate dress," the colonel declared, "and that means I can wear a fireman's outfit."

SAY GOODBYE TO PILLS, CATHARTICS!

Switch to This Gentle-Acting, Natural "Regulator" Food!

Want to free yourself from gripping unpleasantness, needless pain? Get lasting, blessed relief — a pleasant way? Without prodding your bowels—robbing your system of water—"sweeping" you out?

Try KELLOGG'S ALL-BRAN! Scientists explain its happy results this way: ALL-BRAN "gets at" one big cause of common constipation—lack of sufficient cellulose elements in the diet! ALL-BRAN supplies these elements — which help the intestinal flora lighten and fluff up the colonic wastes for easy, natural evacuation!

Eat KELLOGG'S ALL-BRAN regularly. Drink plenty of water. See if you, too, don't give up pills and cathartics for good. Remember, too, KELLOGG'S ALL-BRAN is wonderfully nutritious! Each 1 oz. serving contains as much protein and vitamin B₁ as 4 strips of bacon, or 2 pork sausages. Insist on genuine ALL-BRAN, made only by Kellogg's in Battle Creek.

Apollo got the Glory ...the Vitamins did the work

Fortunately, we do not have to depend upon the whims of an Apollo for safeguards for our health. Science has demonstrated over and over again that sensible living and proper nutrition are the first steps toward a robust body and an alert mind.

The entire nation looks eagerly for news about Science's continuous studies of vitamins. One fact that has been determined is that the B Complex vitamins are the least plentiful in the foods that come to your table. Physicians say that your body is quick to feel a B Vitamins deficiency, but unharmed if you get more than enough.

The home of Budweiser is one of the world's biggest sources of B Complex vitamins. They are contained in brewer's yeast, which we supply to leading pharmaceutical manufacturers. From them, our armed forces and our

Budweiser

In addition to supplying the armed forces with glider parts, gun turret parts and foodstuffs, Anheuser-Busch produces materials which go into the manufacture of: Rubber • Aluminum Munitions • Medicines • Hospital Diets • Baby Foods • Bread and other Bakery products • Vitamin-fortified cattle feeds • Batteries • Paper • Soap and textiles—to name a few.

RESTORATION

Until he came I thought that I
Was done with playing ball;
That such a joy had passed me by,
But that's not so at all.
And I supposed that circus rings
Would interest me no more,
But now I find I like such things
Much better than before.
Now he is just past four years old
And I am sixty-one,
Restored to pleasures, be it told,
I thought forever gone.
And this is what the children do
At such a little cost:
They bring us back the joys we knew
And thought forever lost.

COUNTY COMMISSIONER

Your Vote and Support Will Be Greatly Appreciated at the Republican Primaries, Sept. 14, 1943

FEW FERTILIZER RATIOS BUT CAN COVER NEEDS OF MOST FARMERS

Adams county farmers will have fewer fertilizer analyses from which to choose this fall. The number has been reduced in the interest of manufacturing economy and simplicity, but there is still a ratio for every common situation, County Agent M. T. Hartman said today.

Mr. Hartman reports that the following analyses will be sold in Pennsylvania for this fall and next spring: 0-14-7, 0-12-12, 2-12-6, 3-12-6, 4-12-4, 4-12-8, 5-10-5, 5-10-10, 7-7-7, 10-6-4, and primarily for tobacco, 3-9-12 and 4-8-12. Higher analyses in the same ratio or proportion of the three elements, such as 0-20-10 or 0-14-14, also may be sold.

Fertilizer materials, such as 18 and 20 per cent superphosphate, sulphate of ammonia, muriate of potash, etc., also will be available.

Fertilizer for Grains

Using the above analyses, the following recommendations are made by the department of agronomy and the extension agronomists of the Pennsylvania State college for fall use on the common farm crops. The analyses suggested are arranged more or less in the order of preference. If a higher analysis in the same ratio of nitrogen, phosphorus, and potash is used, the amount per acre should be reduced proportionately.

For wheat, winter barley, or rye on soils only moderately fertile, use 250 to 300 pounds of 3-12-6, 2-12-6, 4-12-4, or 4-12-8. On the more fertile soils, use 250 to 300 pounds of 0-14-7 or 0-12-12. Where manure is applied, 200 pounds of 0-20-0 generally will be adequate. If the grain

Specialist Gives Canning Table

With mid-summer fruits and vegetables ready to can, here are a few hints on how little to expect from how much, given by Miss Lydia Tarrant, extension nutritionist of the Pennsylvania State College.

Tomatoes—1 bushel cans 15 to 18 quarts.

Peaches—1 bushel cans 18 to 20 quarts.

Plums—1 bushel will give about 24 to 28 quarts.

Pears—1 bushel equals about 20 to 24 quarts.

Apples—1 bushel makes 18 to 20 quarts of applesauce.

Corn—(cut from cob) 5 to 6 ears make one pint.

Miss Tarrant reminds that these are only approximate figures. The actual amount of the canned product may vary slightly, either above or below the figures given.

is to be used as a nurse crop for a seeding of alfalfa, clover, or pasture, the above amounts may be increased 100 pounds, especially with seedlings to be left for several years.

For August seedings of alfalfa, pasture mixtures, or poultry ranges, 300 to 400 pounds of 3-12-6, 4-12-8, or 4-12-4 on the less fertile situations and similar amounts of 0-14-7, 0-12-12, or 3-12-6 on fertile soils. With manure, 300 to 400 pounds of 0-20-0 may be adequate.

Lime Is Advised

For top-dressing alfalfa or Ladino clover, 300 to 400 pounds of 0-12-12 or 0-14-7 are suggested, and where manure is applied 300 to 400 pounds of 0-20-0. For top-dressing permanent pastures to improve the thickness and quality of the sod, 400 to 500 pounds of 0-14-7, 0-12-12, or 0-20-0 are advised. Where manure is applied, use similar amounts of 0-20-0. Eighteen per cent superphosphate may be used in all cases instead of 20 per cent.

If lime has not been used recently on the pasture, it generally should be applied before one can expect a good response from fertilizer. Poor pasture sods also will need manure for satisfactory improvement.

On account of transportation difficulties and lack of labor in the fertilizer plants, early ordering and acceptance of early delivery will be especially advisable. It is better to have the fertilizer in the barn a few weeks ahead than to have to delay sowing grain until it arrives.

Potash Is Scarce

Last fall, on account of the shortage of nitrogen, its use on fall-sown grain was ruled out. Many farmers, on fertile soils, may have learned from this experience that nitrogen was not essential. The poor yields of wheat harvested in some sections this summer were due to weather conditions, not to lack of nitrogen.

This fall with apparently plenty of nitrogen available, it should be used on the poorer, unmanured soils. The scarce element now is potash, so that no more of it should be applied than one is sure his soil needs.

CATTLE FEEDING MAY BE CUT BY CORN SHORTAGE

Feeding of cattle in Adams county may drop 25 to 40 per cent during the coming year.

Events during the next week or 10 days may determine what action the cattlemen will take in regard to their crops, a number of them said today. A large part of the county's corn crop can be saved if there is enough rain within the next few days, they point out, and while pastures have been heavily hit by the drought there is a possibility of better pasture if the rains are sufficient in the next two weeks.

While corn is difficult to obtain at present the growers believe they will be able to purchase sufficient corn and also enough soybean mash this fall and winter if too much of the crop is not destroyed generally by the lack of rain.

The shortage of corn at the present time is believed to be caused by farmers holding their last year's grain until they discover how much of a crop they are going to obtain this year. If the prospects improve a large quantity of corn will be released on the market, the cattlemen believe.

Western Reports

I. G. Riggeal, Seven Stars, one of the larger cattle feeders, is one of a group who plans to continue with as large a feeding program as ever if events "turn out right" in the next few days. Other cattle growers agree for the most part although while some plan to cut their feeding program considerably due to increased prices of feed and

Canned Chicken Is Meat Supply Aid

Home-canned chicken will help to provide easy-to-prepare meat dishes for meals next winter, says Miss Mildred Adams, home economics extension representative for Adams county.

For canning, select plump somewhat fat birds. Mature birds have a better flavor when canned than do young birds though the latter may be canned, Miss Adams pointed out.

"Dress the chicken as for table use, cutting the fowl into the usual sized pieces for serving. Wash thoroughly. Young birds weighing less than 3½ pounds can be packed raw, but older birds have a better flavor and texture if precooked. The chicken may be precooked in the oven at 350 degrees Fahrenheit until the red or pink color disappears, or by putting in boiling water and simmering 8 to 10 minutes, or by broiling lightly in a frying pan," she said.

"Pack the pieces of chicken into the jar close together but not too tightly so that heat can easily penetrate to the center of the jar."

lack of corn and other feed crops on their own lands. Many cattlemen and dairymen grow much of the feed given their cattle on their own lands and the loss of those crops, some say, will prevent them from following as ambitious a program as in previous years.

Reports from the corn belt to local farmers show the Illinois corn crop prospects excellent; Iowa hurt by lack of rain and serious hail and wind damage; Indiana and Missouri crop prospects good; Ohio hurt by rain, and Wisconsin, Minnesota, North Dakota and Kentucky crops in fair condition. South Dakota reports show crops hit slightly by weather conditions.

Leave a three-quarter inch head space.

"To each quart jar, add a teaspoon of salt and fill the jar to within one-half inch from the top with water in which the chicken was cooked or with freshly boiled water. With a clean cloth wipe off the top of the jar, for a bit of fat here may prevent the formation of a good seal. Adjust the cover and seal according to the type used."

77 TOMATOES

Roscoe Leach, East Lewisburg, reports a tomato stalk on his property that has produced 77 tomatoes this season—a mark for Adams county growers to shoot at.

War Time Poses Problems On Farm

To save or not to save by War Time, that's the problem facing many county farmers.

A number of upper countians queried on the question of how War Time has worked out all gave the same answer—"the farmer should work by God's time."

Cattle and crops have never been geared to War Time, they say, and now with the shorter days coming on the farmers and growers would like to figure out some method of

returning to Eastern Standard Time. An hour earlier during fall and winter months is really the middle of the night, they point out, but claim that they have to continue on War Time in order to keep in step with the remainder of the country.

LONG DAY "DANGEROUS"

Hazleton, Pa., Aug. 25 (AP)—United Mine Workers Local 1376, composed of 1,400 employees of the Lehigh Valley Coal company's Hazleton shaft colliery, believes a longer mine working day might bring about "fatigue on the job or even absenteeism."

IS THIS A TRADE?

There is a food crisis in America! We need more food production than ever before in our history!

Food for our fighting men, food for our Allies, food for ourselves. We especially need food in cans because it can be shipped wherever it is most urgently needed.

How you can help

We will need more food in 1943 than ever before, but we will be short of help to pick and pack our local crops.

That is why this appeal is being made to every able-bodied man, woman, and child to be prepared to make this picking and packing of precious food a community job. Actually, it is more than a job—it is a duty!

When you realize the sacrifice our boys at the front are making for America, you will know that we can never repay in full what they are doing for us.

This is our opportunity to work in common cause with those to whom we owe so much.

Let's make sure of Victory on the Food Front. Let's all work together and be ready to pledge our help!

"One of the critical battles of the war will be won this year at home—on the farms and in the canneries and processing plants of the country."

CLAUDE R. WICKARD,
Secretary of Agriculture.

Interesting News Of Upper Adams Countians And Their Enterprises

Labor Remains Chief Problem Of Fruitmen As Harvest Peak Nears

Adams county fruit growers, keeping their fingers crossed, today were awaiting the approach of the peak of the peach harvest season and professed to see more difficulties ahead at apple harvest time in October.

The problem that caused the growers to rub what lucky charms they might possess was the perennial difficulty caused by the call of

thousands of men to the armed forces and war plants—labor.

So far this summer the hot winds that cut the expected yield of most crops in half or lower has blown some good—there have been enough laborers to take care of all the county's harvest.

It's an Ill Wind—
With tomatoes, corn and beans cut from 50 to 70 per cent by the

searing winds of this summer, both canneries and growers have been able to move the crops without too much difficulty.

One grower harvested his tomato crop in two hours recently with student labor turning out in greater numbers than he had expected. Canneries that were worried about their help earlier this year are closing down a day or two a week because while the help is sufficient, the crops are scarce.

But all that can change overnight, the growers report.

On next Tuesday evening many of the growers will gather at the court house here to talk over with the county school board and county Emergency Farm Labor committee members some of the problems that school heads hope to solve if the children are to be freed from school this fall to help with the harvest.

Linger Season
The peach harvest will be at its height from Thursday until after Labor Day, some growers estimated. In previous years when the Elberta was king, the crop was garnered in two weeks but now the period stretches out for over a month and different orchards will be ripening at different times.

The fact that many peaches are ripening at an earlier date than the majority has allowed a large number of growers to remove some of the riper fruit from the trees and have that much done before calling in the youngsters who will do most of the peach picking between now and the opening of school.

By the time school opens, in most cases September 6, the crop will be harvested and with a short crop and the present weather the work should be done without too much labor trouble, the growers believe. But the apple crop may be another

story. The county's biggest fruit crop, the apples, will call forth the most effort from the school youngsters and according to the plans to be laid before the county school board on Tuesday the schoolmen are considering doing everything possible to protect the children from "possible exploitation" by the growers.

While pointing out that "the majority of the fruit growers are conscientious, intelligent business men" and "men we like to call our friends," school authorities are worried about the possible effect that may be produced by a few growers, whom the schoolmen allege, take advantage of the child labor.

To prevent such exploitation and to help both the grower and the students, the county school board wishes to consider the tentative plans presented to it by the growers and farm labor heads before going ahead with any outline of what is expected of growers and students when the pupils are released from school this fall to take part in the apple harvest.

One of the provisions asks the growers to provide either workmen's compensation insurance or a bond to take care of any youngsters that might be injured while helping with the crop.

To balance that the school heads plan to ask growers or supervisors to "mark" the conduct and ability of the youngsters on forms provided and will let the youngsters know they will be graded on their work in the orchards just as they are graded in school. In that way, schoolmen declare, the youngsters will be apt to do better work than if they looked upon the work as a part-time vacation.

Broken Promises
The schoolmen also plan to act as

bargaining agents for the amount to be paid the youngsters and to reach agreements with the growers on what kind of work is to be done.

In some instances last year, schoolmen report, youngsters were promised a certain amount per hour and then were paid off at lower rates. In other instances the children were promised so much per bushel to pick fruit and then were employed by the hour at a lower rate when they arrived at the orchard.

Those instances were not numerous, the schoolmen point out, but youngsters they want to make sure the same thing does not occur again.

Timing A Problem
Another problem faces the grower since they are responsible for the ers, and that one seems almost impossible to solve. When the time for the apple harvest comes in a particular orchard, weather and other conditions will determine the date when the crop is ready to be picked. In the meantime agencies securing labor for the orchards and the schoolmen would like to know how many pickers will be needed and at what time so they can determine just what must be done to meet the labor need.

Both sides are agreed that there will be some waste of labor and it will be impossible to give all the labor needed in some instances because of the nature of the crop and the weather.

New Barrels And Baskets Scarce

Crates and barrels, once the standby of the fruit grower have become casualties of the war.

The sale of crates has run about 50,000 a year in the county fruit belt, salesmen of the wooden boxes estimate, but this year the war has changed the situation and the wood is going to be used for more important war uses.

Barrels which used to leave Adams county by the thousands, headed for European and other overseas markets became a drug on the market several years ago when the war began in Europe and the county's export markets disappeared.

Baskets, which have become more and more popular each year, with sales running close to the million mark, will also be scarce this year, with war restrictions cutting down the number of baskets that can be made.

FATHER KILLED
Reading, Pa., Aug. 25 (AP)—Joseph Gravagna, 66, father of six children, was crushed to death yesterday beneath a wheel of a large vehicle carrying 10 tons of stone at the Berks Products company quarry.

England's fishing fleet had to be protected from pirates by warships in 1580.

ASPERS, PENNA.

OUR HOME LOOKS New Again!

"We just finished giving our house the Athey Style Treatment! We never realized before just how dingy and old-fashioned looking a house could get in a few short years! We found several places where the paint had peeled off...the wood was exposed. Right then, we knew it was mighty poor economy to buy a so-called 'cheap' paint. Our house is now fashionably spic and span...and protected by Athey's C.M.A. Paint."

"We were pleasantly surprised at the amount of surface this top quality paint covered...we didn't have to buy nearly so much as we'd planned on. Our colors are scientifically styled to be right for this year and the years to come. Now, our house is well protected...the property value is still high...and the place looks NEW again!"

SENSATIONS TO COME IN NAZI SPY RING CASE

Detroit, Aug. 25 (AP)—Detroit prepared today for expected new sensations from an alleged spy plot hatched against this and other American munitions centers but which back-fired on its perpetrators in Nazi Germany.

Four women, among them two courtiers, and a man were held here by the Federal Bureau of Investigation while a second man, a member of the American Merchant Marine, remained in FBI custody in New York.

Two of the women, both arrested as "dangerous enemy aliens," were not identified by the FBI. Authoritative sources, however, said one was a member of a prominent Detroit family. The FBI said she was born in Berlin, held the title of countess and had lived here several years.

The other "countess," beautiful Grace Buchanan-Dineen, 34-year-old cosmopolitan with a wide social acquaintanceship, was held in \$50,000 bond on a charge of giving war information to Germany.

"Nothing to Say"

It was she, the FBI said, who, when discovered in her activities, cooperated with the Federal authorities to the end that the German espionage got only the information which this government "desired." FBI Chief J. Edgar Hoover said Army and Navy Intelligence scrutinized all her transmissions.

"I have no wish to consult an attorney for I have nothing to say," the Canadian-born, French-educated defendant said in her arraignment yesterday.

The wife of Dr. Fred William Thomas, 44, Detroit obstetrician who was similarly charged, told reporters she was "stunned."

Pointing out that she and her husband were born in the United States, Mrs. Thomas said "I refuse to believe that there is a word of truth in these charges against him."

\$50,000 Bond

"I can imagine nothing lower than anyone who would sell out his country," she said. "While I do not expect to have to choose between my husband and my country, because I know he is innocent, if it came to a showdown my country would come first."

Dr. Thomas pleaded innocent. Miss Buchanan-Dineen and Mrs. Theresa Wassertauer Behrens, 44, born in Yugoslavia of German parents, stood mute and innocent pleas were entered for them. U. S. Commissioner J. Stanley Hurd ordered all held in \$50,000 bond for examination next month.

The fourth defendant, Seaman Bertrand Stuart Hoffman, 27, was in FBI custody in New York.

By George Matthew Adams

THE INSPIRATION OF MOMENTS

We are apt to think the daily moments of inspiration that come on irregular visits to us from day to day mean little or nothing. This is not true. They leave their mark upon the mind and simmer for long, finally tucking their fragments into the smallest corners of the heart.

Everything has its effect upon the awareness of the mind. Something clear, noble and permanent is left upon the consciousness that continues to feed the spirit.

A walk through a country lane, the eyes feasting upon a bed of pansies, or the attention riveted upon a pond of white lilies—the moments of inspiration that then come never lie idle, but start an accumulation of thoughts and meditations that do cleansing work to the soul.

How small is our faith and our confidence in the Creator of all if we fail to take note and open up every avenue of access to such moments! The greedy tumbler after gain and silly renown never know such inspired moments.

Like ripened fruit these many moments hang before us, coming and going. Can we afford not to pluck them and gain from their luscious juices? How blind we are, with eyes so attuned to accuracy by the Creator of them, dedicated as they are to such high purposes!

A friendly frog spends his hours about the landing of my boat at the Summer months. He is a beautiful creature with an emerald skin, and his eyes are more precious to him than if they were diamonds as large. To me they look like diamonds shining in the sunlight. He seems to have no fear of me, merely hopping to the water and looking back to question me. I'll not harm him. This he seems to know. I have knitted about him a link of confidence that the Universe owes to him.

To take advantage of these spontaneous moments of time that fit before our eyes and stimulate the mind, we must be ever alert and receptive. Every door of the mind must be kept open and a clear road to the heart arranged.

Tomorrow Mr. Adams will talk on the subject: "Co-operation."

Captain Jonathan Carnes of Salem, Mass., accidentally discovered the source of pepper in Sumatra in 1796.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

TWENTY-FIVE YEARS AGO

Dedication for Completed Park: Patriotic spirit and civic pride vied with each other in Saturday evening's exercises when Gettysburg's new Center Square Park was formally dedicated.

H. T. Weaver presided and told that the park had cost approximately \$1,600 of which \$800 had been subscribed in funds and equipment. He spoke especially of Allen B. Plank's active work in the planning, financing and construction.

Mr. Weaver formally made the presentation to Wm. Arch McClean, Esq., representing the burgess and borough authorities.

The principal address of the evening was by Dr. J. A. Singmaster, whose subject was "The Town Beautiful."

At Union Station: Tuesday morning was the first time the union depot arrangement was put into effect here, and many persons, forgetting about the change, had to make hurried trips between the two stations in order not to miss their trains. The Western Maryland comes in on the main Reading track and follows the old switch past the Hollinger produce house joining the Western Maryland tracks again at the Washington Hotel stables where a new switch has been installed.

Marriage License: A marriage license has been issued to George V. Schlosser, of Arendtsville, and Esther Maybelle Crum, of Tyrone township.

Transferred to Richmond: Many Gettysburg people will regret to learn that Sister Adele, who has been here for the past seven years as Sister Superior, has been transferred to St. Patrick's Academy, Richmond, Virginia.

Her successor is Sister Ariana, formerly of St. Martin's Academy, Baltimore.

Sister Agnes, Sister Celeste, and Sister Sylvia, all of whom were in retreat at Emmitsburg with Sister Adele, have returned to Gettysburg.

Safe Overseas: Andrew Ramer, of Chambersburg street, has received a card from his son, Leo Ramer, stating that he has arrived safe overseas.

Enters Service: Miss Ethel M. Cole, daughter of Mr. and Mrs. John F. Cole, of the Narrows, has enlisted in the Navy Reserves for general service, for a period of four years. Miss Cole was a former teacher in Menallen and Butler townships.

Women are now being used for clerical work on a number of ships. Miss Cole, for the present, is stationed in Washington.

Corn Bake: Miss Lottie Hulick and Miss Kathryn Winand, of New Oxford, entertained a party of friends on Tuesday evening at a corn bake along the Little Conewago, at Lings Mill.

Guests from Gettysburg included Mr. and Mrs. S. G. Spangler, Mr. and Mrs. William Hennig, Rev. and Mrs. William R. Glen, Miss Carrie E. Miller, Norton C. Miller, Herbert Oyer, Private Harnsor.

Adams-Smith: Raymond W. Adams and Catherine Q. Smith were quietly married by Rev. W. Lyles, at his home at eight o'clock Tuesday evening.

Caruso Married: New York, Aug. 21—Enrico Caruso, the leading tenor of the Metropolitan Opera House, yesterday afternoon married Miss Dorothy Park Benjamin, the daughter of Park Benjamin, a patent lawyer of this city.

The wedding was solemnized in the Marble Collegiate church, in Fifth avenue.

Chautauque Opens: Chautauque began Thursday and will continue for a six day period. The tent is pitched on the Gettysburg Academy campus and a week of patriotism, entertainment and profit is promised by the members of the Swarthmore association.

Take Young Men First (By Telegraph) Washington, Aug. 19—That the 19 and 20 year old men will be the first called after the passage of the Manpower Bill is intimated now. General March said that the younger men make the best fighters.

Now Captain Nixon: Thomas H. Nixon, son of Mrs. H. B. Nixon, of Carlisle street, has been advanced to the rank of captain. He is now in command of Company C, 209th Engineers at Camp Forrest, Georgia.

Mr. and Mrs. Clayton Rider announce the birth of a daughter on August 18.

Personal: Miss Myrtle Strick-

ALLIED SHIPS BOMBARD PART OF NEW GUINEA

Allied Headquarters in the Southwest Pacific, Aug. 25 (AP)—Australian troops, emerging into the Francisco river valley after months of mountain fighting, probed the enemy's prepared defenses Tuesday within two miles of the Salamaua, New Guinea, airdrome.

Today's communique from Gen. Douglas MacArthur reported the Australians crossed the river north-east of old Boddubi to a position due west of the air strip.

It also disclosed that for the first time the guns of Allied warships have been brought into play in the showdown battle for northeastern New Guinea. Monday night, light warships, probably destroyers, moved more than 70 miles above Salamaua into the narrow part of Dampier strait for a close range bombardment of the dock and supply dumps at Finschhafen on the Huon peninsula.

Extend Air Blows

Hitherto, planes and men have carried the burden of the fight for Salamaua, with Allied naval activity confined to speedy torpedo boats. The naval units moved close to the shore to shell Finschhafen, a supply base for Salamaua.

In the ground fighting, the Australians apparently encountered little opposition from the retreating Japanese.

In the air, far-ranging Liberators of Lt. Gen. George Kenney's command added new proof that round-trip flights of more than 2,000 miles can become routine. They flew to Kendari, Dutch Celebes, which has been raided on at least two other occasions, and bombed the airdrome and town.

The only activity reported in the Solomons was by light American naval craft, presumably torpedo boats, which sought out enemy barges in caves along the southern coast of Japanese-held Kolombangara island.

POTATOES NOT BEING STORED HERE THIS YEAR

Adams county's potato growers are selling off their crop as fast as they can dig the spuds out of the ground. Harrison P. Snyder, head of the Gettysburg office of the Agricultural Adjustment Agency, said today.

While other sections are planning to store potatoes if necessary in order to meet the support price of \$2.20 a hundredweight for Pennsylvania No. 1 potatoes, so far there is little likelihood that there will be any potatoes to store in this county, Mr. Snyder asserted. Few are selling now under \$2.50 per bushel.

The crop this year is only about one-third that of last year, the county Agricultural Adjustment Agency head said, and as a result the farmers are able to sell their potatoes as soon as they are ready for harvesting. Many have already sold their entire crop.

Drought, Borer Damage

It was believed that the shortage will allow most county farmers to sell their potatoes at higher than the \$2.20 figure set by the Commodity Credit Corporation as the government support price for the spuds. The CCC lends farmers that amount on spuds placed in storage and then, if the farmer can get a better price, he sells his crop, repaying the \$2.20 loan. If the price stays below that figure the government agency takes over the crop, releasing them when spuds are scarce.

The dry hot weather, which burned off the blossoms, and the corn borer are blamed by Mr. Snyder for causing most of the damage to the crop.

Brothers Killed In Gas Explosion

Anville, Pa., Aug. 25 (AP)—A gas explosion in a dump near this Lebanon county community fatally injured two young brothers yesterday and seriously injured a companion.

The victims were Carl Fasnacht, 10, and his brother, Robert, 12, of Anville. Daniel Kline, Jr., 12, also of Anville, was severely burned.

house, of Harney, is visiting at the home of Mr. and Mrs. Charles Frazier, on West Middle street.

Miss Frances Martin has returned to Lancaster after visiting Miss Zita Ramer at her home on Baltimore street for several days.

Mrs. Samuel Weikert has returned to her home on Steinwehr avenue, after a three weeks' visit in Houston, Texas.

Miss Nellie Blocher and Miss Sara Brumbaugh have returned to their homes after attending summer school at Columbia university, New York city.

Mrs. Howard Stauffer has returned home after a trip with Mrs. Nixon to Norfolk and North Carolina.

Edward Felix, of near town, has gone to Waynesboro, where he has accepted a position.

The seventh Wasp of the United States Navy, a giant aircraft carrier, slides into the Fore River at its launching at the Bethlehem Steel company shipyard at Quincy, Mass. Continuing the tradition of a Wasp in every major war, the seventh Wasp is designed to avenge her predecessor, also a carrier, lost off Guadalcanal Sept. 15, 1942.

DIES DISSENTER DEFENDS WRA ON GROUP REPORT

Washington, Aug. 25 (AP)—Crying "prejudice," Rep. Eberharter (D-Pa.) came to the defense of the War Relocation Authority today with a declaration that most of the statements in a House subcommittee report on the handling of Japanese-Americans "are not proven."

The Pennsylvania, dissenting member of a three-man Dies subcommittee on un-American activities, issued a minority report describing the recommendations of his colleagues as "feeble" and "meaningless."

Moreover, Eberharter said the evidence "completely rebutted" charges that the Japanese were getting more and better food than the average American.

Assessing food costs in the relocation centers averaged only about 40 cents a day per person, Eberharter expressed the opinion that the WRA, considering the difficulties involved, had acted "efficiently and capably."

Records Are Good

"I think it is better to let the War Relocation Authority carry on unhampered by unfair criticism," he added.

The majority report, approved by Chairman Costello (D-Calif.) and Mundt (R-SD), said the WRA had released 23 members of the Butoku-Kai, an organization which it described as a subversive youth branch of the Black Dragon society.

This, the majority said, "is evidence of the incompetence of the WRA to exercise proper safeguards both for the national security and for the thousands of loyal Japanese who are here."

"It is worthy to note," Eberharter said, "that of all the evacuees who have been released on both seasonal and indefinite leave by the WRA, numbering more than 16,000, no release of disloyalty or subversive activity has been made to the attorney or to this subcommittee."

New Type Motor For U.S. Fighters

Detroit Aug. 25 (AP)—A new type Rolls-Royce aircraft engine with a two-speed, two-stage supercharger has been in volume production for several months by the Packard Motor Car company and is being used to power the new North American P-51 Mustang fighter plane, George T. Christopher, Packard president and general manager, announced Tuesday.

Packard has been building Rolls-Royce power plants for nearly two years for P-40F Warhawk fighters, British Hurricane fighters, big four-engine Lancaster bombers and Canadian-built Mosquito bombers. These engines have featured a two-speed, single-stage supercharger.

"In effect, this new engine raises air warfare nearly two miles higher," Christopher said. "Horsepower is stepped up to more than 1,500. Not only does the engine yield benefits at high altitudes but its improved performance makes it a greater threat at low ceilings, too."

"Pathfinder" Is Sold To Patterson

Philadelphia, Aug. 25 (AP)—Graham Patterson, publisher of the Farm Journal and Farmer's Wife, announced yesterday he had purchased the 50-year-old Pathfinder magazine and would continue to publish it at Washington, D. C.

Patterson said Emil Hurja, publisher of the magazine since 1939, would remain on the staff "in an important and executive capacity."

MANY SCHOOLS LACK TEACHERS; MAY BE CLOSED

By CHARLES MOLONY

Washington, Aug. 25 (AP)—Thousands of classrooms will be closed and others will be consolidated when school opens this fall because of a teacher shortage.

The military services and war jobs are taking them.

A recent check by the National Education Association showed 75,000 fewer teachers than usual for this time of year had been signed up by the country's elementary and high schools.

Benjamin W. Frazier, U. S. education office analyst, expressed belief in an interview that even late sign-ups would leave a shortage of perhaps 15,000 to 20,000. He warned there almost certainly would be a "substantial" increase over last year's 13,000 classroom closings.

Try Many Methods

School officials throughout the country driving to overcome their teacher shortages are using these methods:

Increasing salaries, reinstating married women, replacing men with women, using college but non-teaching trained persons; hiring teachers from other school systems; increasing the number of pupils and courses per teacher; employing out-of-state teachers; recalling retired teachers; discontinuing courses; transferring teachers to subjects where the shortage is most acute.

One factor moderating their difficulties is the continuing decline in enrollments—down by 1,500,000 last Oct. 15 over a year before and due to drop again this year—reflecting decreases in the depression period birthrate and departures from high school to work.

Rural Areas Worst

Enrollment shrinkage continues greatest in rural areas, partly because families have been moving to the cities for wartime jobs.

A Senate committee has agreed with education authorities that the chief factor in teachers' leaving their jobs is "inadequacy of salaries." Forty per cent of the nation's 893,000 public school teachers still receive less than \$1,200 a year.

To combat the wage lure elsewhere, which had much to do with a teaching job turnover last year that ranged upward to an average of 31.8 per cent in independent rural school districts, more than half the states have increased salary scales or installed bonus systems for the duration.

Juror-voters for the September 14 primary, Judge Horatio S. Dumbauld has postponed beginning the rest of the Fayette county malfeasance trials from September 13 to September 15.

In these cases, county commissioners and others are charged with unlawful expenditure of county funds.

STRIKERS DEFY WLB "BACK TO WORK" DEMAND

Johnsville, Pa., Aug. 25 (AP)—A War Labor Board order to end their two-day-old strike immediately and unconditionally met continued resistance today from workers at the Brewster Aeronautical corporation's Johnsville plant despite a WLB threat to take "all steps within its authority" to force compliance.

Repeating their demand for the release of four plant guards whose arrest by the Navy precipitated the walkout, officers of United Automobile Workers Aircraft Local 365 (CIO) also insisted on withdrawal of 200 armed Coast Guardsmen from the plant before they would offer to negotiate with the company.

Thomas De Lorenzo, local president, added that it would be "physically impossible" for the membership to act on the WLB order until tomorrow morning, when a mass meeting is scheduled, because many of the workers live "a great distance" from the plant.

The WLB acted after several thousands of the workers at a meeting yesterday declared themselves on strike despite De Lorenzo's warning that a strike at the plant, which makes Navy airplanes, would be "a technical violation" of the Connally-Smith act.

The meeting also authorized delegates to ask workers at the corporation's Newark, N. J., and Long Island City, N. Y., to strike in sympathy. De Lorenzo said later he planned to address a meeting at Long Island City this afternoon and another at Newark tomorrow night.

May Go To FDR

De Lorenzo said R. J. Thomas, a WLB member and president of the UAW, telephoned him from Detroit that Richard Frankenstein, international vice president, would be sent to Johnsville. WLB previously asked Thomas to convey its order to the striking local "and take other appropriate action."

A telegram signed by public member Wayne L. Morse, WLB compliance officer, told heads of the local that failure to end the strike promptly "must be treated as a threat to orderly processes and to the security of the nation in time of war."

While WLB officials in Washington would not say what further action might be taken, the usual next step is to certify the strike to the President for appeal to the workers or seizure of the plant if the work stoppage continues. Criminal penalties of the anti-strike act would become operative if the government took control of the plant.

Mummasburg

Mummasburg—Pvt. Sylvester Seymour, of the Medical corps of Fort Meyer, Birmingham, Florida, who is on a thirteen-day furlough, and Mrs. Robert Groft and daughter, and Mrs. Seymour, of Bonneville, were recent visitors at the home of Mrs. Seymour's brother-in-law and sister, Mr. and Mrs. Luther Harmon.

PFC Weldo Funt, of Oklahoma, is spending his furlough with his brothers and sister-in-law, Mr. and Mrs. Kenneth Funt, and parents, Mr. and Mrs. Otis Funt.

Mr. and Mrs. Samuel Shindel-decker and Mr. and Mrs. Harold Bigham spent Sunday in Newville. They were accompanied by Victor

Farm Calendar

Treat Sheep for Parasites—Treatment for the control of internal parasites of sheep is recommended by livestock specialists of the Pennsylvania State College. Phenothiazine is the substance used. Even where it has been used in a salt lick, it is advisable to drench the lambs with it at this time.

Grow Poultry Pasture—A good grass and legume range for the poultry will save on grain feed, supply valuable nutrients, keep the fowls out of the mud, and reduce disease hazards. Poultry specialists of the Pennsylvania State College say that an acre of good range will carry 500 to 600 pullets up to 22 weeks of age.

Improve Berry Patch—Proper spacing of the runner plants and fertilizing will help the strawberry patch to produce at its best next year, remind fruit specialists of the Pennsylvania State College. Heavier yields of large, good quality berries are desired.

Cows Need Water—Water available where the cows can get it whenever they want it will help them to produce the largest amount of milk possible from the feed consumed, say Penn State dairymen.

Avoid Collapse—Be sure the mow floors are strong enough if you put threshed grain in bins built in the barn, warn Penn State agricultural engineers.

Juniper, who had spent some time at the Bigham home, Mrs. Quintin Deardorff is recuperating at her home after having her leg amputated above the knee at the Warner hospital.

If You Suffer 'PERIODIC' FEMALE PAIN

With Its Weak, Cranky, Nervous Feelings

If at such times you, like so many women, and girls suffer from cramps, headaches, backache, distress of "irregularities," periods of the blues — due to functional monthly disturbances — Start at once—try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. It's famous not only to help relieve monthly pain but also accompanying tired, weak, nervous feelings of this nature. This is because of its soothing effect on one of woman's most important organs. Taken regularly — Pinkham's Compound helps build up resistance against such symptoms. Follow label directions.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

PUBLIC SALE

SATURDAY, SEPTEMBER 4, 1:30 O'CLOCK

Real Estate

The undersigned will offer at public sale on the premises situated, in the Borough of Gettysburg, 338 East Railroad St., lot 60x180 feet deep, improved with seven-room frame house, in good condition, with electricity and oil heating equipment.

Personal Property

Household goods consisting of square extension table; buffet; dining room chairs; reed living room suite; porch rockers; three metal beds, full-size with springs and mattresses; two dressers with mirrors; vanity; two chests of drawers; two library tables; end tables; coffee table; breakfast set; Standard sewing machine; clocks; odd rockers; straight chairs; two Axminster rugs; two conglomera rugs; eight-gallon stone crock; gallon stone crocks; glass jars; cooking utensils; dishes, etc.; garden cultivator; various tools and other articles.

Terms and conditions will be made known day of sale by **JOHN H. ANZENGRUBER**, Auct., Clair Slaybaugh Clerk, George March.

PUBLIC SALE

Tuesday, August 31, 1 o'clock

The undersigned will sell at public sale at his store in Heidlersburg the following:

Personal Property

Settees; chairs; doors; window screens; window frames; screen doors; carpenter tools; 1930 Ford coupe with box, five good tires; one-coupe cross cut saw; cross cut saw; two meat slicers; paper baler; ice refrigerator; two Victrolas; porch furniture; flower boxes; large Bar cabinet; clothes trees; counter; linoleum; tables; wardrobe; sink; and many other articles not mentioned.

JOHN W. BLACK

Clair Slaybaugh, Auct.

Dwelling and place of business will be offered for sale at the same time.

PUBLIC SALE

HOUSEHOLD GOODS

Saturday, August 28

At 2 P. M. at the Front of the Court House

Bureaus, dressers, innerspring mattresses, ice box and other household articles too numerous to mention.

Sale will include some of the household goods of the late Charles

G. Taughinbaugh.

George D. March, Clerk

Movie Stars To Open 3rd Loan Drive

Pittsburgh, Aug. 25 (AP)—A cavalcade of movie stars, including Kay Kyser's band, Mickey Rooney and Judy Garland, will be here September 12 to highlight the \$302,000,000 Third War Loan drive in western Pennsylvania, which opens September 9.

R. H. McClintic of Pittsburgh, chairman of the western Pennsylvania campaign, told civic leaders from 19 western Pennsylvania counties yesterday the group would attempt to raise \$50,000,000 while here, with an appearance at Forbes field the top spot of their visit.

Plans for the drive were advanced at a meeting yesterday at which McClintic announced the appointment of regional field managers.

PUBLIC SALE

OF VALUABLE REAL ESTATE

On Saturday, August 28th, 1943, at 1:30 P. M., the undersigned will sell at public sale the following described tracts of real estate of the late John F. Dillon, of Franklin Township, Adams County, Pennsylvania. The sale will be held along State Highway Route 234 at the home of Carroll H. Dillon.

Anybody interested should acquaint themselves with the tract or tracts of land in which they might be interested before the day of the sale. Anybody wishing to view said tracts of land can do so by calling on the undersigned or Frank or Carroll Dillon.

The various tracts will not be visited on the day of the sale.

Tract No. 1 known as the Breneman tract containing 6-A. & 56-P. It being a tract of timber located along a public road known as the Bottom Road and adjoining lands of Robert Eicholtz, J. W. Keiser and Mrs. James Cole.

Tract No. 2 known as the Oyer tract containing 110-A. & 98-P. It being a tract of timber and adjoining lands of Ed McDannel, Melheims, Carroll Dillon, John F. Dillon Estate, Frank Dillon, J. W. Keiser and Robert Eicholtz.

Tract No. 3 known as the F. A. Baker tract containing 13-A. It being a tract of timber and adjoining lands of John McDannel, Carroll Dillon, John F. Dillon Estate and Emory Golden.

Tract No. 4 known as the Crawford tract containing 10-A. & 156-P. It being a tract of timber situated along Route 234 and adjoining lands of Carroll Dillon, Leo McKeenrick and Paul Kimple.

Tract No. 5 known as the Cole tract containing 97-A. & 115-P. About 50-A. of this tract is clear land and equip. with a dwelling house, large bank barn with the other necessary outbuildings, small apple orchard and a lot of good timber and adjoining land of Eugene Kimple, John F. Dillon Estate, Carroll Dillon and J. W. Keiser.

Tract No. 6 known as the Kuhn tract containing 7-A. & 59-P. It being a tract of timber and adjoining Carroll Dillon and J. W. Keiser and John Dillon Estate.

Tract No. 7 known also as the Kuhn tract containing 8-A. & 16-P. It being a tract of timber and adjoining land of John F. Dillon Estate, Eugene Kimple, Paul Kimple and Carroll Dillon.

Tract No. 8 known as the Zellinger tract containing 3-A. & 43-P. It being farm land and lying at the intersection of two public roads known as the New Road and the Bottom Road.

Tract No. 9 known also as the Zellinger tract containing 37-A. & 13-P. Lying along the public road known as the Bottom Road. About 7-A. of which is farm land and the balance timber adjoining lands of John F. Dillon Estate, Emory Golden and George Irvin.

Tract No. 10 known as the Bleakney tract containing in all 225-A. & 32-P. About 30-A. of this tract is farm land and it being equip. with a dwelling house, bank barn with other necessary outbuildings and remainder of said tract being comprised of good timber adjoining lands of Mrs. James C. Cole, Virgie Hall, Charley Musser, Fred Woodward, Earl Kump, Frank Clapsadley, H. E. Geyser, and S. Luther Baltzley.

Tract No. 11 known as the Starnier tract, containing 17-A. & 133-P. It being a tract of timber located on the road leading from Route 234 to the Lincoln Highway and adjoining lands of W. R. Jones, Harvey Newman, St. Ignatius Church, and Pearl Sneeringer.

Tract No. 12 known as the Baker tract containing in all 59-A. & 63-P. It being a consolidation of different tracts of land. About 12-A. of which is clear land and improved with a dwelling house and other outbuildings. Balance being timber adjoining

LEADER PROGRAMS

New York, Aug. 25 (AP)—Radio's twenty-year club now has a membership of 112, an increase from 84 in the charter role. This was indicated by the second annual roster issued today by the founder, H. V. Kaltenborn.

The purpose of the club, which has no officers, no fees or even meetings, is to band together all those who have at least two decades of continuous association with radio broadcasting.

The new roster lists 17 members who have been associated with radio 30 years or more. Topping this section is Dr. O. H. Caldwell who dates his career to 1904 when he conducted experiments in transmitting a distance of one city block.

Fortress Eludes 30 Nazi Fighters

At a U. S. Bomber Base Somewhere in England (Correspondence of the AP)—Lt. J. D. Stewart's Flying Fortress got knocked around so hard they had to leave out seven boxes of ammunition and two machineguns to keep her in the air, and the tail-gunner bailed out, thinking they were done for.

They were on their way home from a mission when they were attacked by 30 German fighters, but they landed safely in England. The crew included Gunner Sgt. James Sherick, Oil City, Pennsylvania.

British Sappers Meet Their General

Members of the polygot British Eighth Army who were busy probing for enemy mines in Sicily look anything but worried over their dangerous work as they crowd around a staff car containing their commanding general. Man in world-famous beret is Gen. Sir Bernard L. Montgomery (seated).

SUICIDES ON BUSY STREET

Camden, N. J., Aug. 25 (AP)—Four bullets ended the life of a well-dressed 42-year-old woman on a crowded sidewalk last night and the fifth, fired through the head of her 52-year-old male companion, left him critically wounded today in a hospital.

The woman, Capt. James Mulligan of the Camden County Detective Division said, was Mrs. Mary Mazzo of Camden and the man Louis L. Sirolli of Elm, New Jersey, a stationary engineer with three grown children.

Mulligan said Mrs. Mazzo died almost instantly, face downward in the gutter, and Sirolli, holding members of a crowd outside the Camden-Philadelphia high speed line terminal at bay with a pistol, stuck the muzzle in his mouth and fired upward.

A crumpled note in Sirolli's pocket, the detective said, was addressed to "the police" and read in part: "For 20 years I've been mixed up with the wrong woman. I plan to do something and I hope I don't cause you any trouble."

Letters To The Editor

Dear Sir:
First of all, before I say anything else, I wish to thank you for sending me the Service Edition of The Times since I've been in the service. I have really enjoyed every edition. Everyone that is in the service away from home, can't help but realize how much news from home helps in Army life.

I should have written sooner but we have been pretty busy and have not had much time to write.

I have been here since December 5 and the climate has been plenty warm, in fact darn hot. There is nothing like good old sunny California. Don't get me wrong and leave Pennsylvania or you'll be sorry. It's the best in the U. S. A.

I don't suppose its much use for me to tell you about army procedure because you have probably had the general idea by this time.

My job is tank commander in the medium tank and its fun. Something I don't want to forget is that no one can beat army M.O.K., except mother. It's really O.K. I just heard the bugle for taps so here goes. Thanks again for the news.

Yours truly,
CPL. JOHN BREIGHNER,
Camp Beale, Calif.

Dear Sir:
For the last three months I have been moving from one place to another in Northern Africa. As a result my mail has not yet caught up with me and of course there have been many times when I would have welcomed some word from the states—from my friends and relatives around Gettysburg. Since, from now on, I shall be less nomadic, I expect to be receiving mail promptly or at least to be receiving mail. It would make me very happy if some day I were to find an edition of the Gettysburg Times in my stack of mail (although I can no longer visit mail in stacks). I remember how much I enjoyed reading the G-burg Times while back in the states and I keep wishing for it here. I am now in Sicily and find it much the same as Africa. The cities along the north coast are cleaner and are better populated than those along the southern coast. The French in Africa made better wine than the Sicilians because the French suffer no lack of sugar such as the Sicilians have suffered for years. I'll be waiting for that edition of the "Times" in my mail.

Very sincerely yours,
KENNETH E. STINE

Litvinoff And Successor

Here are Maxim Litvinoff (left) and Andrei A. Gromyko, who succeeded Litvinoff as Soviet ambassador to the United States. This picture was made when Litvinoff arrived in San Francisco, Dec. 6, 1941, to take up his duties as Russian ambassador.

REPAIR BREAK IN "BIG INCH"

New Hope, Pa., Aug. 25 (AP)—A small break in the Big Inch pipeline, third in two weeks, was repaired three miles west of here today as pipeline officials tested the 85-mile spur of 20-inch pipe between Phoenixville, Pa., and Bayonne, New Jersey, for possible further weaknesses.

State police reported that a miniature geyser spouted out of the line where the latest break occurred yesterday and that they guarded the escaped oil until repairmen arrived from Phoenixville.

Officials said valves at both ends of the spur were closed and 500 pounds pressure put behind oil already in the pipe to see if the line could "take it."

"Oil which flowed down the Delaware river from an earlier break caught fire yesterday at Trenton, New Jersey, carrying black smoke over much of the city and threatening the filtration and pumping stations at the Calhoun Street bridge. Firemen extinguished the blaze in about an hour."

Milk Returns Better In '43

New York, Aug. 25 (AP)—Dr. C. J. Blanford, New York metropolitan milk marketing area administrator, announced Tuesday that dairy farmers of Pennsylvania, New Jersey and four other states serving New York area milk plants will share a net farm return of \$18,039,000.02 for July deliveries.

The return, Dr. Blanford said, represented a net gain of 19.5 over the yield for July, 1942.

Urge Soldiers To Use Ballots

Harrisburg, Aug. 25 (AP)—State Selective Service headquarters through its 422 local draft boards, advised all registrants today to apply for military ballots upon entering the armed forces.

Col. Richard K. Mellon, director, in letters to the boards asked that these instructions be given "in order to protect, as far as possible, the right of each registrant" to exercise his franchise.

"Immediately on induction, the inductee should apply in writing to the county commissioners of the county of his voting registration for a military ballot."

The deadline for requesting military ballots for the September 14 primary is August 14 and the last day for the November 2 general election is October 2.

CRACK BOMBER PILOT KILLED

Somewhere in New Guinea, Aug. 18 (Delayed) (AP)—Maj. Ralph Chell of San Francisco and Bethlehem, Pa., one of the best known medium bomber pilots in the southwest Pacific, was killed in today's raid on Wewak.

General Douglas MacArthur's communique for Thursday, August 19, reported the destruction of remnants of the 225 Japanese planes based on Wewak, New Guinea, airplanes. The enemy lost 215 to 225 planes in raids Tuesday and Wednesday against the loss of six of our planes.

Chell's plane was hit by anti-aircraft fire during a low level sweep over Wewak airstrips. Brother pilots saw his plane explode and burn upon striking the ground.

Chell was a prominent participant in the Bismarck sea battle last

Student Pilots Ill After Meal

Selinsgrove, Pa., Aug. 25 (AP)—Dr. Alexander Slavoff said approximately 35 student Army pilots and Susquehanna university students were seized with stomach cramps last night shortly after the evening meal in a college mess hall.

The physician described the illness as gastritis and said efforts were being made to discover its source. He described the outbreak as "well in hand" with most victims recovering shortly after they were stricken.

OVERSEAS MAIL FOR CHRISTMAS STARTS SEPT. 15

The postal authorities Tuesday announced that they would receive Christmas parcels for men and women serving overseas in the armed forces starting September 15.

Postmaster Lawrence E. Oyer said that the postal regulation requiring a request from a soldier or sailor for any specific article would be relaxed between September 15 and October 15, but he warned that all parcels should be in the mail by the October date to insure Christmas delivery.

Oyer said that the Navy originally set a deadline of November 1 for Christmas parcels, but that this had been changed to October 15.

Cite Limitations
Parcels must not exceed five pounds when addressed to men and women overseas, said the postmaster, and the package must not be more than 15 inches in length or 36 inches in length and girth combined. Relatives and friends were warned to mark all Christmas gifts "Christmas Parcel," that they may receive special attention of postal authorities in this country and overseas.

A limit of one parcel a week to the same member of the armed forces by or in behalf of the same person has been imposed, said the announcement.

Containers of metal, wood, strong fiber board or a similar strong material are suggested. No perishable goods may be shipped, when it is determined they may spoil in transit. Intoxicants, inflammable materials, such as matches or lighter fluids are "absolutely prohibited," Mr. Oyer said.

Food and clothing are not suggested as gifts by the Army and Navy, Oyer reminded.

Berlin Attack In Seven Greatest

London, Aug. 25 (AP)—The bomb tonnage plunged into Berlin by the RAF Tuesday night totaled over 2,000 American tons (1,800 British long tons) but was considerably short of all-time tonnage dropped in one night.

This was due in part at least to the greater distance flown.

The six greatest RAF attacks of the war were as follows:
Hamburg, July 7, 2,300 long tons.
Hamburg, July 27, 2,300 long tons.
Hamburg, July 29, 2,300 long tons.
Essen, July 25, 2,000 long tons.
Dortmund, May 23, 2,000 long tons.
Dusseldorf-Munster, June 11, 2,000 long tons.

spring when an enemy convoy of 22 ships was wiped out.

His death was regarded by men of the 5th U. S. Airforce as a loss equalling that of Maj. William Benn, Kenneth McCullar, Ed Larner and other outstanding flyers. He was married.

POLL DISCLOSES DADS ARE CALM OVER WMC ORDER

By JAMES MARLOW and GEORGE ZIELKE

Washington, Aug. 25 (AP)—Draft-age fathers in no-deferrable jobs have taken calmly so far—many without budging—the warning of the War Manpower Commission (WMC) that they must shift to war-related occupations or be placed first on the list for Army induction.

A national round-up by the Associated Press showed today that, in a majority of centers polled, WMC Boss Paul McNutt's new regulations issued August 14 have had little real effect in prying fathers loose from their non-deferrable jobs.

The information was obtained from draft boards and officials of the WMC and U. S. Employment Service (U.S.E.S.) in a number of cities.

Some of them frankly said the results to date were "negligible" or "disappointing" or "very discouraging," although many reported increase in the "inquiries" about the regulations.

The poll disclosed various expressed reasons for this result: confusion over the regulations, an attitude of "let 'em take me," belief that Congress will block a father draft, and lack of interest in McNutt's ruling.

Only Philadelphia—with the possible exception of Des Moines—among the reporting cities showed a strongly affirmative reaction. In Pennsylvania's chief city WMC reported a "tremendous" jump in the requests for war jobs.

"Don't Realize Meaning"
Des Moines' WMC area director, Lee Keyser, said the rate of transfer from non-deferrable jobs had leaped 35 per cent since McNutt's warning but he gave no comparative figures except to say the previous transfer was steady.

Here are some of the reasons given for lack of a spurt in transfers:
St. Louis—"The general attitude seems to be: 'We'll sit tight until Uncle Sam wants us.'"

Baltimore—"We believe many people do not yet realize what the new manpower policy means."

Second Hornet To Be Launched Soon

Newport News, Va., Aug. 25 (AP)—The Navy's second aircraft carrier Hornet will be launched here Aug. 30 to replace the fighting flatfoot from whose flight deck Brig. Gen. Jimmy Doolittle and his Army fliers took off to bomb Tokyo in April of last year.

The new ship's predecessor, which was also built at the Newport News Shipbuilding and Dry Dock company plant, was sunk in the Santa Cruz islands after striking savage blows at the Japanese for five months.

MERVIN H. BENNER

Of Mt. Joy Township
For Commissioner
of Adams County

A FRIENDLY MESSAGE

Mr. Benner owns excellent fishing ground along Rock Creek; he greets you with a smile and welcomes you to fish there to your heart's content. Fishermen all over the county are urged to meet Mr. Benner's name with an appreciative smile at the primary on Sept. 14th.

A FRIEND.
